# 0.1 INTRODUCTION

Eat United, or 'Comamos Juntos' became a registered Charitable Incorporated Organisation with the Charities Commission of England and Wales on 4th January 2016. The name of the organisation in Spanish is "Comamos Juntos" (literally, "Let's Eat Together").

## WHAT ARE THE ORIGINS OF EAT UNITED?

Eat United began life as a grassroots community-based initiative operating in Managua, Nicaragua in 2013. It was driven by the idea that food waste and food insecurity shouldn't coexist. It began as the first and only initiative in Nicaragua that creates a solution to food waste and urban food insecurity in one go.

Eat United (the CIO) was formally established in the UK in 2016 to manage and formalise the activities of the Eat United Nicaragua project as a response to food security and food management. On the date of registration 4th January 2016, Eat United took on all the responsibilities and assets of Eat United Nicaragua.

Since its beginning, leadership of the charitable activities has come from the those on the ground in Nicaragua. This continued after registration, with the Board of Trustees providing guidance and input to the Management team in Nicaragua. In December 2017 the charity opened an official branch in Nicaragua. During 2018 the Nicaraguan branch continued the process of formalising operations with Nicaraguan institutions, and began official operations as an independent branch in May 2019.

# 1: OBJECTIVES AND ACTIVITIES

## 1.1 OBJECTS

The objects of Eat United are set out in the charity's constitution and are summarised as follows:

**1.** The relief and prevention of poverty in socially and economically disadvantaged communities through:

- Providing or facilitating provision of food on a sustainable basis
- Promoting the reduction of food waste and use of surplus food
- Instigating projects within communities that allow them to meet their own needs, in particular with relation to food supply

**2.** The advancement of education of the public about all aspects of the food cycle: food production, food management, healthy consumption, food wastage

## 1.2 (i) VISION

Our vision is a fair food system that guarantees access to ample nutritious food for all while keeping the planet healthy and harmonious.

## 1.2 (ii) MISSION

Our mission is to generate conditions for families to access and enjoy healthy and nutritious food, and minimize food waste, in low-income urban and semi-rural areas.

## 1.2 (iii) VALUES

COMMUNITY PARTICIPATION: facilitate inclusive practises of design, decision-making + execution

ADAPTABILITY: respect and respond to the differences of each place, people and changing circumstances

SELF-SUSTAINABILITY + RESILIENCE: purposefully encourage practices that can be continued independently.

### 1.3 WORD FROM THE TRUSTEES

During 2021, the impacts of the global COVID-19 pandemic continued to present great challenges for the families and communities involved in Eat United, as well as for the organization. The continued functioning of the organization throughout has been a testament to the resilience of volunteers and team members.

### 1.4 DECLARATION OF TRUSTEE DUTY

Every quarter the Trustees review the objectives, strategies and activities of the organisation to ensure that they continue to reflect the aims as set out in the constitution. In carrying out this review the Trustees have considered the Charity Commission's general guidance on public benefit.

### 1.5 OVERVIEW OF ACTIVITIES

During the reporting period the specific objectives were realised through the execution of the project **"Eat United Nicaragua"**.

The Eat United Nicaragua project comprises the following Social Action activities:

1. Food Rescue
2. Community Food Banks
3. Volunteering programs

Additional activities were:

4. Fundraising

A description of each activity, and summary of the achievements and performance of each follow below.

### 1.6 RISK ASSESSMENT & MITIGATION

Key risks identified and steps taken to adapt or mitigate.

**Key Risk #1:** Economic impact of socio-political crisis combined with COVID-19 pandemic diminishes supply of surplus food in local markets, while increasing families' need.

**Steps taken:** [Adapt] Re-focused programs using community-led methods to ensure priorities and needs were met, without requiring large quantities of rescued food.

**Key Risk #2:** Operation of social activities spreads COVID-19 among volunteers or community members.

**Steps taken:** [Adapt] Apply the newly developed Covid-19 decision making tool for Covid-safe Social Action operation that takes into the priorities and preferences of all participants.

**Key Risk #3:** Unstable environment, decreased funding + increased administrative burden put pressure on existing programs and capacity.

**Steps taken:** [Mitigate] Maximized impact of existing resources by continuing community-led approach to program design & adaptation.

# 1.7 CONTEXT:

## Food, economic access and health in urban Nicaragua

### FOOD SECURITY AND POVERTY

#### **In Nicaragua:**

The average minimum wage is U\$ 182 per month (Mintrab, 2018) and the average cost of basic household goods for a family of 6 are U\$ 430 per month (INIDE, 2018).

That means that even 2 people working full time would not be able to cover the cost of basic household needs.

### CHRONIC HEALTH CONDITIONS

- Food that is high in sugar and low in nutritional value is cheap and easy to access in low-income urban neighbourhoods.
- The "double burden" of malnutrition (undernutrition + obesity) disproportionately affects poorer communities
- Chronic illnesses due to low dietary diversity and lack of micronutrients are on the rise (FAO, 2017).

### LISTENING TO COMMUNITY MEMBERS

Members of Eat United's programs, who are principally women in urban and semi-rural "barrios" of Managua, reported the following:

- All have an income below minimum wage
- 63% depend on unstable sources of income (such as washing clothes, street selling, etc)
- Each has between 2-5 people economically dependant on them: including children, elderly relatives or family members with disabilities.

Additional observations included:

- Women do not experience food security as separate from economic insecurity; the effect is compounded.
- Many are also affected by chronic health conditions; either personally or a family member under their care.
- Food banks improve access to healthy food, however they do not ensure resilience in the long term.
- Women are more motivated to find longer term solutions through increasing income streams rather than participating in food bank management.

# C-19 DECISION-MAKING TOOL

How do we decide whether to run a Social Action activity?

1

## **Compliance with local laws and international recommendations:**

Is the activity we propose aligned with the laws of the country and the recommendations from national and international bodies that govern us? (WHO, PAHO, MINSA)

**If yes, then...**

2

## **Compliance with health and hygiene guidelines:**

Can we ensure that the activity is executed in compliance with the strict hygiene measures and prevention guidelines of local + international health organizations?

**If yes, then...**

3

## **Team Consensus:**

The proposal is discussed among the team of people in charge of coordinating and implementing the activity (in particular: the Community Leaders who provide the space to implement the food bank; and the Coordinators of the activity). Do we **all** agree that it should go ahead?

**If yes, then...**

4

## **Community Agreement:**

We talk to the people who use the space and participate in the service (volunteers and/or community members). Do they want the activity to go ahead? We reinforce that participation in the activity is completely voluntary.

**If yes, then...the activity can go ahead only if it passes all 4 stages.**

# 2.4 FUNDRAISING

## Activity Outline

### TASTE THE CHANGE

an fundraising initiative centred on donation-based subscriptions, in which subscribers receive monthly recipe cards with recipes presented by the women who participate in Eat United's Cooking Clubs.

Taste the Change  
completed in 2021!

ZERO-WASTE RECIPES FROM NICARAGUA

## Vegetable Nuggets

#TasteTheChange

**RECIPE #6**  
by this month's Star Chef:  
**Izayaris Lopez**

BY LOCAL WOMEN, FOR LOCAL WOMEN.

### Instructions

1. Boil the potato and carrot until they are soft enough to mash.
2. Drain the potato and carrot. Then use a food processor to blend them with the broccoli, flour, breadcrumbs, and egg. Add salt and pepper according to your taste.
3. Leave to rest for 15 minutes. The dough should have the same texture as tortilla dough (if necessary, add more flour to the mixture).
4. Heat the oil in a pan or crepe-iron.
5. While the oil is heating, you can start making the nuggets. To do this: pinch off pieces of dough and form into a rough nugget-shape. Ideally they should be finger thick.
6. You can start frying the nuggets as you go. Fry until they are golden on both sides. This takes about 3 to 5 minutes, depending on how thick the nuggets are.
7. Serve with sauce. We recommend Nataly's natural tomato sauce from last month's recipe!

### Izayaris Lopez

Izayaris is a young woman who lives in the region of "Las Jaguitas". She is a member of the Eat United Food Bank since 2019, and participates in the activities of the allied community centre ADULAM.

"This Cooking Club is an opportunity to get to know each other better, and learn useful things for the family" says Izayaris.

**"I hope we continue with more of this!"**

Izayaris is a woman of few words but great actions. She is shy and smiley person, who is always punctual and likes to participate in community activities.

### 3. Financial Review

#### 3.1 Review

##### Income Sources: Fundraising

Unrestricted funding: **100%**

Unrestricted funding was self-generated; the main sources were individual donations.

**Figure 1: Breakdown of Income Sources**

##### Expenditure

**99%** of expenditure went towards the execution of charitable activities (Eat United Nicaragua), and **1%** towards the execution of fundraising activities.

**Figure 2: Breakdown of Expenditure on Charitable Activities**

Note: “**support costs**”, defined by the Charities Statement of Recommended Practice (FRS 102) as “costs incurred to facilitate an activity”, have been apportioned to Charitable Activities according to the proportion of time dedicated to their execution; see Financial Statement for a complete breakdown.

### 3.2 Reserves Policy:

The Trustees have reviewed the financial situation of the charity and decided that it is appropriate to hold reserves sufficient for three months of the project Eat United Nicaragua's activities, equivalent to £3,000.

The reserves are kept as unrestricted funds held in the charity's bank account. Should the charity need to use the reserves for any reason, a Trustee meeting will be called to review the financial position of the charity and make sure that steps are being taken to guarantee the continued financial stability.

### 3.3 Risk Management and Going Concern

The Trustees have assessed the major risks to which the charity is exposed and are satisfied that appropriate arrangements are in hand to manage the risks identified.

Funds are held mainly in GBP but spent primarily in USD; and therefore are subject to changes in the valuation of the Pound against the Dollar.

The financial situation is monitored quarterly by the trustees and budget approval is required prior to spending.

## 4. Structure, governance and management

### 4.1 Governing Document and Constitution

Eat United is constituted as a Charitable Incorporated Organisation (CIO) registered with the Charity Commission for England and Wales, charity number 1165017.

The governing document is the constitution.

Eat United became a registered Charitable Incorporated Organisation on 4th January 2016.

### 4.2 Recruitment and Appointment of Trustees

Existing trustees are responsible for the appointment of new trustees, but in doing so seek the views and recommendations of the management team. This approach ensures that new trustees will bring relevant experience and skills to help further the charity's purpose.

Potential trustees are invited to attend trustee meetings as observers. They are provided with more information about the aims and activities of the Charity, and if all agree are appointed as a new trustee in a subsequent trustees' meeting. This process allows due consideration of the person's skills, knowledge and experience and overall fit for the charity.

### 4.3 Induction and Training of Trustees

New trustees are provided with copy of Eat United's constitution and a copy of the latest Trustee's Annual Report and statement of accounts. They are also provided with publications from the Charity's Commission to ensure that trustees are aware of the scope of their responsibilities under the Charities Act.

### INCOME: Accounting Policies

Income is recognised and included in the Statement of Financial Activities (SoFA) when:

- the charity becomes entitled to the resources;
- it is more likely than not that the trustees will receive the resources; and
- the monetary value can be measured with sufficient reliability.

### **Offsetting**

There has been no offsetting of assets and liabilities, or income and expenses, in these accounts.

### **Grants and donations**

Income from donations is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably. Entitlement arises immediately on receipt of the donation.

### **Performance related grants**

In the case of performance related grants, income is only recognised to the extent that the charity has provided the specified goods or services, and is only included in the Statement of Financial Activities once the performance related conditions have been met.

### Note 3: Analysis of receipts of government grants

#### **Government Grants**

*The charity has not received government grants in the reporting period.*

### Note 4: Donated goods, facilities and services

#### **Donated goods**

*The value of rescued food received as a donated good and distributed to beneficiaries through the activities of the Eat United Nicaragua project has not been included in the accounts, because of the impracticalities of measuring fair value of the goods donated.<sup>1</sup>*

*Other goods donated for on-going use by the charity are recognised as tangible fixed assets and included in the Statement of Financial Activities as incoming resources when receivable.*

#### **Volunteer help**

*The value of any voluntary help received is not included in the accounts but is described in the Trustees' Annual Report.<sup>2</sup>*

## **EXPENDITURE AND LIABILITIES: Accounting Policies**

### **Liability recognition**

Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty (although in this case the charity does not have any such liabilities at the end of its first operational period).

### **Governance and support costs**

Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.

Support costs include central functions which do not vary according to the Activities of the charity. Support costs have been allocated to activity cost categories on a basis consistent with the use of resources, e.g. allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

### **Basic Financial Instruments**

If there is a nil amount for a particular balance sheet heading in the current reporting period, a corresponding amount for the reporting period must still be disclosed unless that amount is also nil. If the amount for both the current and previous reporting periods is nil, then the heading should be omitted from the balance sheet.

**Current assets and current liabilities** are measured at the cash value.

### **Creditors**
