ABBOTS BROMLEY SPORTS ASSOCIATION

CHAIRMAN'S STATEMENT

FOR THE YEAR ENDED 31 OCTOBER 2022

It gives me great pleasure to introduce Abbots Bromley Sports Associations seventh Annual report, which sets out, for our supporters and the community, our achievements over the year as a Charity and our continuing commitment to future aspirations and plans.

During the period of this report The Charity had changed from solely fund raising, building and development into the management and maintenance of the 15 acre site of the community green space. The project was now entering its final Phase of projected work.

During 2022 we continued to develop the ground in accordance with our medium term strategy and our charities aims and objectives.

During 2022, our landlords, The Woodard Foundation as the owner of Abbots Bromley School, closed the School for good and put the estate on the market, initially including our facility.

We challenged the decision through our lawyers and with the support of Sport England and the Football Foundation who have provided funds for our development, they guaranteed the 50 year renewable lease and we won the decision and in so doing strengthened our lease.

The School was sold subject to conditions in September of 2022 to Friel Homes, who have allowed us an indeterminate lease free holiday and have given their unwavering support for the conclusion of the project.

In the June of 2022 we had our first significant fund raising event since the Covid pandemic, which enabled us to bolster our bank balance and our financial position after spending all of our available cash on the development of the two football pitches, safe access from the highway and parking for able and disabled members.

It should be noted that we still do not have an income stream of any sort, and are therefore still reliant on funding bodies and donations to manage and continue the work through to completion.

Our next Phase of work to complete the project is to plan for the construction of an all weather court encompassing tennis and netball and a multi functional space for other activities. Planning had been applied for and agreed and we were in the process of seeking funders to help with the building.

In addition we have re-designed the community clubhouse and sought support and expertise in looking at low to medium build options. During this phase we also updated our electrical, water and security services for the site, and produced a new topographic plan for the whole site to ensure the developments were fit for future use.

Considerable expenditure was made last year on machinery. Advice from our pitch consultants suggested we would need to invest up to £100,000 on capital equipment to maintain the grounds. We have utilised football funding to uprate and buy new the machinery we need to maintain the 15 acre site to a high standard, and will seek to renew when required.

In addition there have been further improvements to our governance arrangements, with oversight of our fiscal, health and safety, safeguarding and membership arrangements. We have increased our extended Board to bring in new skills and competencies, and looked to replace with local people with new skills and experiences to match the forthcoming challenges.

ABBOTS BROMLEY SPORTS ASSOCIATION

CHAIRMAN'S STATEMENT (CONTINUED)

FOR THE YEAR ENDED 31 OCTOBER 2022

All of the work, including strategy, implementation, fund raising, administration and maintenance has been done entirely through volunteers, and to date the local community has donated just over £190,000 to the project.

As in previous years I should like to thank each and every one in Abbots Bromley and the surrounding area for all that has already been achieved in your name. The progress we continue to make, despite enormous challenges on a global scale are a testament to your generosity and your unwavering support, moving us towards our vision of an integrated community facility for sport, health and social inclusion for all members of the community in which we live.

Trustees continue to seek to deliver for the community in completing the vision and then to extend it beyond the expectations of ourselves and the community.

Christopher Wood
Chairman

ABBOTS BROMLEY SPORTS ASSOCIATION

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 31 OCTOBER 2022

The trustees present their annual report and financial statements for the year ended 31 October 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's commission for England and Wales, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019).

Objectives and activities

Purpose

Abbots Bromley Sports Association has a clear and stated purpose as a charity and as an organisation:

To promote for the benefit of the inhabitants of Abbots Bromley and the surrounding area the provision of facilities for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age, infirmity or disablement, financial hardship or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving the condition of life of the said inhabitants.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts

ABSA has a vision to provide stability and leadership in sport and recreation within the community through collaboration with schools, existing clubs and societies and the local authority through the provision of well-maintained and safe facilities coupled with a progressive approach to ongoing investment, and to do so within a sustainable manner to enable future generations to be active and enjoy sport over time.

To fulfil this both the purpose and vision Trustees recognise the need for short, medium and long term strategies. The short term is encapsulated in the need to complete Phases 1 to 3 in establishing a long term future for all forms of recreation and mindfulness at the new facility.

In this year the accounts show the extensive work undertaken to complete phase II of the project.

In addition the charity has invested heavily in machinery and equipment to enable the ongoing maintenance of the ground.

Also of note are the first membership arrangements and payments which are part of working collaboratively with those organisations who will utilise and benefit from the facility.

In the near future, ABSA will look to provide tennis, netball, an all weather facility and to engage with all other existing sports and recreation organisations to establish their needs going forward.

In the longer term, ABSA hopes to establish itself within the village as a community hub, owned and operated by the community, working in harmony with existing organisations, facilities and structures to bring about improved social inclusion, education as well as sport and recreation for current and future generations to enjoy and prosper.

The Trustees have full regard for the guidance provided by the Charity Commission and are governed through and in respect of all guidance and legislation regarding Charities.

To date the Trusts approach to social investment is through the Charities purpose and transparency to the community which it serves. The Trustees will form a social investment policy in due course as the development of the facilities increases.

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) **FOR THE YEAR ENDED 31 OCTOBER 2022**

Partnerships

Partnerships are key to the success of the charities work, and is unchanged from previous years.

The Trust has actively sought to establish close working collaboration with all of the clubs, associations and institutions within the community.

In particular, ABSA continues to work with and alongside, and be actively supported by the Parish Council, East Staffordshire Borough Council, Richard Clarke Primary School and Woodard Foundation Board. The nature and purpose of these relationships is not just practical in terms of financial support and commercial interactions, but to ensure that the Trust is inclusive in its development of sport and health and well-being to all of those who live, work and study in the community.

The Trust has further extended its reach on partnering and is amply supported by the British Legion, Parish Church, Evergreens, and Burton Albion Community Trust and Football Club.

Going forward ABSA, as an inclusive and important community project, will seek alliances and relationships both within the community and beyond to ensure it continues to deliver its vision and its purpose for all.

Use of Volunteers

All Trustees and community work is fully voluntary.

We now have volunteers working on fund-raising, maintenance contracts and governance. Voluntary contribution is currently 100% of our activity.

Achievements and performance

The New Sports Facilities

The development of the new ground has been split into three Phases:

Phase 1 – Cricket Ground

The ground works commenced in August 2016 with the levelling of the site to create a new cricket ground with a 12-pitch cricket square. An estimated 10000 tonnes of soil were moved and the cricket square was seeded before the autumn. In the last few weeks, the contractors have returned to finish the installation of a full sports ground drainage system, feeding a natural balancing pond behind the site of the proposed pavilion, and have seeded the cricket outfield. At the same time we have installed mains electricity to the site but not yet connected. Following completion, a minimum of 18 months is necessary for the soil to compact before cricket can be played on the new square.

COMPLETED and cricket now played in 2021. It is now the home of ABCC (Abbots Bromley Cricket Club)

Phase 2 – Football/Sports Pitches –Access-Temporary Facilities-Car Parking and Maintenance Equipment - £360,000

The Charity has secured 73% funding for all of Phase II from Football Foundation and Staffordshire FA and the match funding from personal donations, fund raising events, ECB Loans and Parish Council.

The bulk of Phase II was completed in October 2021 with all groundworks, drainage and the laying of junior and senior football pitches.

There is residual work to be completed in this phase including finalising car parking, boundaries and security, services including electricity connection and waste management as well as further aspects of the environmental and sustainability controls.

Our financial controls are still strong and as we have no direct costs to individuals or services we are still financially stable.

ABBOTS BROMLEY SPORTS ASSOCIATION

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) **FOR THE YEAR ENDED 31 OCTOBER 2022**

Phase 3 – Clubhouse, Tennis Courts and Netball – projected cost £800,000

The final phase of the development will be tennis and netball courts and the building of a community clubhouse for use with all the sporting activities, and as a community hub. This will be a low-cost building which will be fitted to a high specification and will have conservation and low maintenance in mind. The foundations for this building are being redesigned possibly to allow for a temporary construction if affordability becomes an issue at the final stage.

In the short term we have acquired temporary buildings, refitting to a high spec to facilitate showers and changing rooms whilst building is underway.

Achievements against objectives set

Phase 1 completed in full and ahead of schedule.

Phase II completed with 100% on target.

Football Foundation funding timeline extended for 1 year to July 2022

Performance of fundraising activities against objectives set

All fundraising objectives for Phase 1 have been met in full.

Fundraising objectives for Phase 2 have been met in full.

Fundraising for Phase 3 and subsequent Phases underway

Investment performance against objectives

N/A. Objectives set for early 2023 to invest in service provision and income generating facilities.

Investment policy and objectives including any social investment policy adopted

The Charity currently has no objectives regarding investments as it is fully engaged with fund raising to establish the facilities and the environment to then deliver the community benefit, at which point the Charity will create a social investment policy and fund for the future.

A description of the principal risks facing the charity

The Trustees have regard to the following risks:

1. Lack of support from principle funding bodies for future Phases.
2. Lack of support from the community for future Phases.
3. Future financial viability of membership clubs
4. Managing inflationary costs of maintenance.
5. Change of landlord and inflationary lease costs
6. No medium term income stream

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

Structure, governance and management

The charity is a company limited by guarantee without share capital use of 'Limited' exemption.

- the charity's policy on dealing with conflicts of interest
- any other key documents which trustees will need, for example, the charity's strategic plan and its vision and values or mission statement
- Safeguarding policy
- Diversity policy
- Membership arrangements

None of the trustees has any beneficial interest in the company. All of the trustees are members of the company and guarantee to contribute £1 in the event of a winding up.

The company's current policy concerning the payment of trade creditors is to follow the CBI's Prompt Payers Code (copies are available from the CBI, Centre Point, 103 New Oxford Street, London WC1A 1DU).

The company's current policy concerning the payment of trade creditors is to:

- settle the terms of payment with suppliers when agreeing the terms of each transaction;
- ensure that suppliers are made aware of the terms of payment by inclusion of the relevant terms in contracts; and
- pay in accordance with the company's contractual and other legal obligations.

Trade creditors of the company at the year end were nil.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

FOR THE YEAR ENDED 31 OCTOBER 2022

The trustees, who are also the directors of Abbots Bromley Sports Association for the purpose of company law, are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company Law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

ABBOTS BROMLEY SPORTS ASSOCIATION

INDEPENDENT EXAMINER'S REPORT

TO THE TRUSTEES OF ABBOTS BROMLEY SPORTS ASSOCIATION

I report to the trustees on my examination of the financial statements of Abbots Bromley Sports Association (the charity) for the year ended 31 October 2022.

Responsibilities and basis of report

As the trustees of the charity (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 (the 2006 Act).

Having satisfied myself that the financial statements of the charity are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the charity's financial statements carried out under section 145 of the Charities Act 2011 (the 2011 Act). In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1 accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
- 2 the financial statements do not accord with those records; or
- 3 the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
- 4 the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

Charity information

Abbots Bromley Sports Association is a private company limited by guarantee incorporated in England and Wales. The registered office is Manor Farm Hall Hill Lane, Abbots Bromley, Rugeley, West Midlands, WS15 3DG, United Kingdom.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's [governing document], the Companies Act 2006, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the Charities SORP "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities not to prepare a Statement of Cash Flows.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

1.4 Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

ABBOTS BROMLEY SPORTS ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 OCTOBER 2022

1 Accounting policies

(Continued)

1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Plant and equipment	10% reducing balance
---------------------	----------------------

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

ABBOTS BROMLEY SPORTS ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 OCTOBER 2022

1 Accounting policies

(Continued)

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.9 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
