PURPOSE OF THE FOUNDATION

The objective of the Foundation is to support clinical pharmacy education in sub-Saharan Africa and other activities which contribute to the improvement of public health by:

- Paying registration fees and/or living expenses of pharmacy undergraduate students
- Contributing to equipment; educational material, computers, lab equipment

- Facilitating academic liaison with the provision of virtual lectures (the Square Academy) intended to supplement School of Pharmacy curricula and a resource for continuing professional development.
- The Square Academy is now conducting a pilot study with the pharmaceutical societies of Botswana, Malawi, Zimbabwe, Ethiopia, Nigeria, Ghana, Liberia and Sierra Leone involving 150 pharmacists.

2023

In 2023. the Foundation continued working with the Pharmacy Department, College of Medicine, Kamuzu University of Health Sciences (Malawi), The University of Botswana School of Pharmacy and Addis Ababa University College of Health Sciences, Department of Pharmacy.

The Foundation continued sponsorship of two students at the University of Botswana in Gaborone, two at the University of Malawi in Blantyre and supported three at the University of Addis Ababa.

SUMMARY

Expenditure was £11,115.34. There was no additional income.

University of Addis Ababa	£ 624.00
University of Botswana	£ 7,802.42
Kamuzu College of Health Sciences (Malawi)	£ 790.78
University of Namibia	£ 188.43
Wala High School	£ 974.30
Website	£ 381.30
Honoraria	£ 354.11

PURPOSE OF THE FOUNDATION

The objective of the Foundation is to support clinical pharmacy education in sub-Saharan Africa and other activities which contribute to the improvement of public health by:

- Paying registration fees and/or living expenses of pharmacy undergraduate students
- Contributing to equipment; educational material, computers, lab equipment
- Facilitating academic liaison with the provision of virtual lectures
- As the Foundation develops, this will be done with contributions from UK pharmacists who participate in the Foundation.

2021

In 2021, the Foundation continued working with the Pharmacy Department, College of Medicine, Kamuzu University of Health Sciences (Malawi), The University of Botswana School of Pharmacy and Addis Ababa University College of Health Sciences, Department of Pharmacy.

The Foundation continued sponsorship of two students at the University of Botswana in Gaborone, two at the University of Malawi in Blantyre and supported three at the University of Addis Ababa.

In 2020 the Foundation donated the “Rachel” device and several tablets to Wala High School in Chiradzulu, Malawi and this was followed by an additional “Rachel” in 2021, a projector and 12 mobile phones for accessing the Rachel.

Teenage pregnancy is high in Malawi (exacerbated by the closing of schools during the Covid outbreak) so the Foundation contributed to the school fees of a 16-year-old student who dropped out of school after becoming pregnant as well as associated school supplies and a bicycle to enable transport to school.

SUMMARY

Expenditure was £ £12,078.99. There was no additional income.

PURPOSE OF THE FOUNDATION

The objective of the Foundation is to support pharmacy education in sub-Saharan Africa by:

- Paying registration fees and/or living expenses of pharmacy undergraduate students
- Donate equipment; educational material, books and computers.
- Facilitating academic liaison with the provision of e-lectures
- As the Foundation develops, this will be done with contributions from UK pharmacists and other health care professionals who participate in the Foundation.

2020

In 2020, the Foundation worked with the Pharmacy Department, College of Medicine, Kamuzu University of Health Sciences (Malawi), The University of Botswana School of Pharmacy and Addis Ababa University College of Health Sciences, Department of Pharmacy.

The Foundation continued sponsorship of two students at the University of Botswana in Gaborone, two at the University of Malawi in Blantyre and supported three at the University of Addis Ababa.

The Foundation donated the “Rachel” device and tablets five to Wala High School in Chiradzulu, Malawi and is conducting a trial to measure the benefit to students.
