Governing document

The charity is controlled by its CIO governing document, as defined by Charities Commission UK.

Recruitment and appointment of new trustees

New directors are appointed at the Annual General Meeting (AGM).

Risk management

The trustees have a duty to identify and review the risks to which the charitable company is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objects of the "Uranium Medical Research Institute" (UMRI) are the advancement of education for the public benefit on the effects of uranium and transuranic elements on humans and the biosphere by conducting and publishing independent, objective and expert scientific and medical research on the subject. This is partly carried out through the commissioning of research programmes, the results of which would be made available to the public.

(I.)
Trustees' Report
– continued for the Year Ended 31 December 2023

OBJECTIVES AND ACTIVITIES

Significant activities

During this year restructuring research was a key priority which may show its effects in 2023. The trustees decided that they would use this year to focus collaborations with other partners in the field of scientific research.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

The main charitable activity this year 2023 were laboratory networking, preparing public and private fundraising and conferences.

FINANCIAL REVIEW

Reserves policy

All surplus is retained in the charity for its activities. No special reserves have as yet been created for specific purposes.

Funds in deficit

There are no funds in deficit for the current year. This will be monitored monthly to ensure no overspend.

Principal funding sources

The main source of funding is through voluntary contributions and researchers paying for their own travels and conferences. This year one mayor fundraising activity was started online and is posted as a link on the charity's website.
