VIETNAM CAT WELFARE

TRUSTEES REPORT FOR THE YEAR ENDED 1ST FEBRUARY 2022

OBJECTIVES AND ACHIEVEMENTS

Our main day to day activities included assisting many rescue cases of mainly cats and some dogs from calls from the local community and tourists. This included neglected, abandoned, and sick animals, with many dumped kittens and unwanted litters in the surrounding areas. Where applicable we were able to take on many cases, rehabilitate and then continue to rehome the animals. All those rescue cases that are waiting to be homed, remain in the shelter, and cared for by us. This includes any rehabilitation, food, shelter, and medical care needed. Currently the maximum number of cats at the shelter can be approximately 100 at one time. Foster homes arranged by us have also been built up to take on the constant rescue calls.

- Sterilization of many cats in the community to relieve the burden of unwanted kittens and overpopulation in the area. We work with a local vet to receive free and reduced cost surgeries alongside other organizations.
- Assisted many about general health and daily care of their pets, giving advice and training. Also educate about vaccinating and sterilizing their pets.
- Educated and carried out many rabies vaccinations for local pets and all the rescue cats in our care.
- Built up a volunteer network, locally and globally who have aided the day to day running of the shelter.
- We have an established Outreach program visiting homes and families who are in need of aid and continued support regarding their pets and rescue animals. This is to reach a wider network of public and businesses to begin aiding with animals on site.
- Our 'Cats Matter Too' Program alongside other organizations working in Central Vietnam to educate and help the cats in the area. Offering free sterilization, rabies and more outreach.
- Working with the local community and expats to deal with a high number of pet thefts for the cat and dog meat trade.

ACHIEVEMENTS AND PERFORMANCE

Rescuing and rehabilitation of over 150 cats during the year which came into the shelter directly. Because of our foster program the majority went into foster placements for care until fully vaccinated. During this time we pushed for many adoption homes. The harder cases stayed for intense isolation care at the shelter until rehabilitated.

Our outreach program continues to grow and we are able to go onsite to many homes and help the community to support and guide not only for their pets but understanding animal welfare and care. We gave help for over 100 cats and dogs in the area in need.

Free sterilization of over 250 cats, offering monthly free surgeries to pets. Vaccinated including Rabies vaccine of over 400 cats and dogs. Continual training and guiding a volunteer and foster program to assist many to take care of many cases and the constant calls of rescue animals in the area. Many new rescues coming into the shelter have been put into Foster placements to reduce the overpopulation at the shelter and give the rescues a higher survival rate.

Again an important achievement for us was the continuous education, training and raising awareness to many locals in the central Vietnam area by simply interacting with the community, explaining about animal welfare and aiding with simple daily care for their pets. This made a huge impact to many in the community.

Most of this work has been due to our Cats Matter Too Program which has taken off.

Other parts of this program include : TNR (Trap Neuter and Release) Vet Training
Rehoming 4 cats rescued from a cat meat restaurant closure over to the US for new homes.

Building and moving the shelter and rescues to a new, bigger, safer location.

Achievements against objectives set

Our objectives this year was to push the Cats Matter Too Program to a wider audience, which we achieved and is growing as the year continues.

As we grow as a charity we are reaching a bigger network to the local community in Hoi An and Quang Nam area.

Moving the shelter into a new location. This was a huge effort and was successful.

Performance of fundraising activities against objectives set

Any specific small projects we fundraised for such as medical treatment, shelter enhancements etc were all successful and in a short time. We are very grateful to many supporters through our move in the shelter location.

VCW principal sources of funds are through donations and private fundraising events helps by supporters. This included local businesses and also global events such as sponsored runs, local fundraisers.

VCW also has a partnership with FOUR PAWS International who funded us to pay for free sterilization, outreach and rescue care throughout the year. Also some maintenance work on the shelter. We have a signed contract and agreement with monthly reports to maintain a relationship and declare where the money given goes in regards to restricted funding.

Any large payments such as annual vaccination, maintenance or vet bills were organised, fundraised and handled on site so no deficit occurred throughout the year. Expenses were carried out in regard to how much funding VCW would receive as to not become in high deficit over any period of time throughout the year. The money we raised at the end of 2020 we successfully spent on the build and move on the new shelter location without deficit.

FOR THE YEAR ENDED 1ST FEBRUARY 2022

Financial Review and Reserves Policy

All reserves are assessed and VCW policy is to use for emergency situation or any maintenance that may be needed for the shelter or any specific rescue case that needs the funding. The managing trustee continues to be in charge of the final decisions of the reserves and finances involved.

Any funding we need for certain cases or projects we fundraise when needed. We always make sure we have enough to cover the basics of food, care and rent for the animals we rescue.

Risk

The biggest risks as shelter in Hoi An is damage due to weather conditions and typhoon season once a year. The new shelter is to ensure a safer location, built from scratch to ensure it can withstand flooding and wind for the animal safety. But the new location is rented and have a 5 year contract.

Report to the trustees/members of Vietnam Cat Welfare on the accounts for the year ended 1st February 2022 set out on pages 7 to 10.

RESPECTIVE RESPONSIBILITIES OF TRUSTEES AND EXAMINER

The charity's trustees consider that an audit is not required for this year (under section 144 (2) of the Charities Act 2011) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts (under section 145 of the 2011 Act),
- to follow the procedures laid down in the General Directions given by the Charity Commission (under section 145(5)(b) of the 2011 Act), and

An examination includes a review of the accounting records kept by the organisation and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

INDEPENDENT EXAMINER'S STATEMENT

In the course of my examination, no matter has come to my attention

1. which gives me reasonable cause to believe that in, any material respect, the trustees have not met the requirements to ensure that:

- proper accounting records are kept (in accordance with section 130 of the Act); and
- accounts are prepared which agree with the accounting records and comply with the accounting requirements of the Act; or

2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
