

HIGHER KINGDOM CHURCH INTERNATIONAL – ANNUAL ACCOUNTS 2022.

The financial year for 2022 has been very challenging as income realised was less than expenditure. This was partly due to low offering and donations from members of the Charity. Now the church is not raising funds or soliciting financial support from any other group apart from the offerings from members who attend the church.

The church usually meets online on Fridays and in person on Sundays. This was due to the lockdown which affected members from coming to church on Sundays. Now that, there is no more lockdowns, it the hope of the church that, members and new people will join the church for moral training, discipline, and magnanimity benevolence which may increase the number of people that come in.

Higher Kingdom Church International pays monthly rent of £400 this financial making a total of £4800 for the whole year (2022). Our income for the financial year was £4500 which was short of what would have been realised, so as you can see there was a shortfall of £300. Food items that were given out during the financial year was mainly brought in by members of the church.

None of the Trustees receive any pay as the Charity operates on voluntary basis until such time when it is well established then consideration will be given to hiring staff to manage the organisation. The church will continue to serve the community through creative awareness and moral training to impact the Youth and those that may fall within the scope of our umbrella.

The church offers prayer to the community, educate, and provide counselling opportunities to members of the community.

Higher Kingdon Church International is hopeful that the charity will grow and affect the community positively and impact lives in a more collaborative manner.

Among some of the activities the church play is radio broadcasting on Sundays, Community Outreach on Saturdays, Open door policy around counselling, Feeding the community once every 3 months and praying for the sick and infirmed.

It is our belief that the church will expand to start training and advising the youth in the local area. Once we have acquired our own property, then most of the activities would be indoors during winter and outdoor activities will comprise jogging, walking challenge and excursions to places of interest and prayer retreats.

Higher Kingdom Church International is hopeful that, the charity will grow to affect wider communities within the London area soon. Our Trustees are committed to supporting the church achieve its vision and reach out to vulnerable people in society with the gospel of Jesus Christ which brings hope, peace and love among humanity.
