## Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The prevention or relief of poverty (or financial hardship) anywhere in the world by providing or assisting in the provision of items, education, training and healthcare projects.</p> <p>To relieve in need, in particularly mental and physical requirements of people who are living in residential care</p> <ul style="list-style-type: none"><li>• by the provisions of volunteers and carers, and by the provision of advice and training for those responsible for their care</li><li>• by the provision of equipment and facilities otherwise unattainable</li></ul>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>We have continued to support beneficiaries living in Government institutions in Romania. We do this by providing funding towards staffing for direct interventions to children and adults in Government homes, and through advising and supporting staff. The staff team consists of a nurse who leads the project, a project co-ordinator, social worker, physiotherapist and psychologist.</p> <p>Throughout the year we have directly provided medical and therapeutic supplies and have supported a range of educational activities.</p> <p>This year we have also continued supporting individuals in the community who are at risk of institutionalisation, to keep them living with their families.</p> <p>This year we have been successful in opening the community centre.</p>

		We have also supported/undertaken two visits to the projects this year.

### Achievements and Performance

	SORP reference	Throughout the year, the multidisciplinary team have offered a wide range of direct therapeutic input and support, assisting children and adults with behaviours of concern, physical health issues and mental health issues in addition to their disability. The team have also offered support and advice to care staff within the Government institutions and families in the community.
--	----------------	---

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The provision of resources including nutritional supplements, specialist chairs and bathing equipment and a wheelchair, have improved health and mobility.</p> <p>Additional resources have included beanbags, sensory toys and a sensory station, to engage all beneficiaries to engage in meaningful activities.</p> <p>A number of community visits have been facilitated this year, including celebrating Ceizini day, cinema, museum and a shopping trip. For the majority of beneficiaries, it was the first time they had enjoyed these experiences. These activities not only teach day to day living skills but also reduce stigma, as beneficiaries are able to engage with members of the general public, who may not come into contact with disabled people often. To further improve day to day living skill, we have continued to offer the Life Skills project in the adult institution.</p> <p>The April trip was focused on feeding and was undertaken by a Speech and Language therapist.</p> <p>Committee members visited the projects in November.</p>
