Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The object of the CIO is, for the public benefit, to advance the education of underprivileged children and young people in the Panjab region of India (in particular, but not limited to, the Gurdaspur and Amritsar districts) by providing grants to charities, other organisations and individuals in order to help to fund formal and informal school-level education, post-school skills-based training and learning aids for beneficiaries and to help families of beneficiaries to create and sustain a suitable home environment within which the beneficiaries can learn.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

This year there was no financial activity.

In the report 2 years ago, we mentioned that fees were paid in 2021 by AS Khera, who had not yet been reimbursed by Five Rivers Foundation. This is still the case – AS Khera has not been reimbursed, but this may happen next year (in which case it will be included in the accounts). Please see reports from 2 years ago for the breakdown of these numbers.

During this financial year, there were no activities. However two trustees made a trip to the Panjab at the end of 2024. This will be included in next year's reports as some possible new projects were identified.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

We are still very happy with the construction of the nursery building which happened a couple of years ago. This is an incredible achievement for the charity and will make a world of difference for the children who will attend. Two trustees visited the Panjab at the end of 2024 and visited the nursery building, and saw many children using the building for their nursery-level studies. A more full report will be given next year.

Pawan Kaur from village Dhandoi is still in the midst of her three year Bachelors in Commerce degree from University of Amritsar. Pawan has really developed her confidence and is enjoying her studies.

Payments were made in 23/24 by AS Khera (roughly £900 for the three years), and these are likely to be reimbursed to him in the next financial year.

Section E Financial review

Brief statement of the charity's policy on reserves

Currently we do not hold a reserves policy.

Details of any funds materially in deficit

We are not in deficit
