

St Sigfrid's Trust

Trustees' Report 2020-21

On account of Covid, from the beginning of April 2020 to the end of 2020, very little happened beyond the cancellation of activities in which the Trust had hoped to be involved. Major casualties included the St Sigfrid's Pilgrimage, which had to be curtailed before Easter and the annual visit of Oxford Curates to Växjö Diocese for the 'Getting to Know the Swedish Church' programme.

In January, however, we appointed a consultant to the St Sigfrid's Way Project. The Project involves organising the walking of the St Sigrid's Pilgrimage route in 2021 after the curtailment of that enterprise in 2020 and publicising the Way so that it can be walked in part or whole by pilgrims in the future's. Our consultant's remuneration till the end of March 2021 was paid by a private individual but the Trust will become liable for some expenditure in relation to the St Sigfrid's Way Project in the next financial year.

Our consultant has overhauled the Trust's website, and in particular the material on the St Sigfrid's Pilgrimage. They have begun to advertise the 2021 Pilgrimage to dioceses, cathedrals, parishes and individuals, soliciting offers of welcome, accommodation, and accompaniment in walking.

St Sigfrid's Trust
