Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To promote social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society. For the purpose of this

clause 'socially excluded' means being excluded from society, or part of society, as a result of being a member of a socially and economically deprived community.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The activities carried out by the charity for the public benefit are broadly categorised into the following categories;

Advice and assistance to those excluded from society. We have worked with our beneficiaries to help remove the barriers they face to social inclusion.

Providing network groups to the socially isolated.

We have worked closely with charities/organisations with similar goals to allow our beneficiaries to share skills and experiences of overcoming barriers to social inclusion to help others to do the same.

Providing advocacy and general support. By advocating for our beneficiaries and liaising with other organisations on their behalf, we have been able to meet some of the basic needs of our beneficiaries. This helps give them more time and energy to focus on other aspects of their life which may be preventing them from being more fully included in society.

The trustees have considered the guidance provided by the charity commission in planning and delivering these activities, particularly in relation to the commission's guidance on the promotion of social inclusion. The trustees also make sure that the work carried out is in accordance with our charitable objectives and aims.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We were mostly prevented from meeting and spending time together due to the restrictions imposed by the Covid-19 pandemic. In order to remain connected, we organised doorstep delivery of food parcels and when we were able, individuals came to our premises to collect food provisions. We provided beneficiaries with top-up vouchers for mobile phones to assist them to have vital connection to others and we utilised Zoom.

We obtained the assistance of interpreters to maintain contact. We made shorter calls to more people, most of which were seeking reassurance in relation to Covid-19. Through the use of an interpreter, we were able to provide thorough explanations of government guidelines and explain safety protocols as restrictions changed.

Our volunteer therapists maintained telephone contact with their respective clients throughout the duration of lockdown, providing much needed support.

We increased our capacity to accept donations of clothes, houseware items and small items of furniture. We distributed donated items and when safety protocols relaxed, we engaged in the upcycling of furniture.

The main achievements of Somewhere Else throughout the duration of the pandemic was to remain connected, ensuring that our beneficiaries were able to maintain their sense of belonging to Somewhere Else.

Section E

Financial review
