Structure, Governance & Management

The Trustees, are pleased to present the annual report together with accounts for the year ended 31 December 2022.
The Charity was registered with the Charity Commission on the 22nd of April 2016 as a Chairtable incorporated Organisation- CIO.
It adopted the CIO Association model Constitution. New trustees are appointed based on the procedures laid down in its constitution.

Members of the Board of Trustees

Members of the Board of Trustees, and trustees for the purpose of charity law, who served during the year and up to the date of this report are set out on page 1.

Objectives & Activities

The charity is established with a primary objective:

- a. To advance the Christian Faith in accordance with its Statment of belief in UK and the world.
- b. To relieve persons who are in condition of need or hardship or who are aged or sick and to relieve distress caused thereby in the said locations as the trustees may from time to time think fit.

These objectives are charitable and we operate mainly for the public good and benefits. The charity achieves its objectives by organising several church meetings within the year, and this is open to the public and its members to learn of the Christian faith. Also to be empowered to impact their local communities positively.

Achievements & Performance

Statutory Declaration

The trustees declare that they have complied with their duty to have due regard to the guidance on public benefit published by the commission in exercising their powers or duties.

Major Events during the year

The charity carried out all its regular activities in the year under review. It also worked in collaboration with other charities to organise events in the community. Key events during the year are:

* Celebration services were held weekly through out the year.

* The charity organised other events from time to time, prayer meetings and evangelism outreaches were also held during the year.

Ark of God Revival Ministries is a family focused charity. As a result, most of our programmes are tailored towards the holistic development and support of the family unit. Training, confrences and workshop were held for the benefit of the community.

Financial Review

The principal funding sources for the charity is currently from individuals by way of Donations through Sunday and other church service activities.

During the year the charity has not received any donations nor made any incomes.

Reserve and Investment Policy

It is the objective of the charity to ensure unrestrictd funds are kept at a level which provides sufficient funds to cover management, administration and support costs on an on-going basis. Based on the charity's size, the context of future plans, the level of our financial commitments and contractual obligations held. It's our policy to maintain unrestricted reserves of not less than equivalent of three months recurrent expenditure.

The Charity has a policy of keeping any surplus liquid fund in short-term deposits which can be readily accessed and where the capital is protected. The objective of the investment policy is to maximise interest while limiting risk. This policy is adopted as the surplus funds are expected to be used in the near future to fund future commitment.

Risk Management

The Trustees have conducted a review of the major risks which the charity is exposed, in particular those to operations and finances of the charity. The Trustees review the risk regularly at their meetings and are satisfied that systems are in place to mitigate the Charity's exposure to major risks.

Appropriate checks, for example DBS, supported by relevant training and regularly reviewed policies are made for all those who work with children or other vulnerable groups within the Charity. Where appropriate, systems have been established to mitigate the risk the charity faces. Significant external risks to funding have led to the development of a strategic plan which will allow for the diversification of funding activities. Internal control risks are minimised by the implementation of procedures for authorisation of all transactions.
