- ☐ trustees' consideration of major risks and the system and procedures to manage them.

The review of policies continued as scheduled with various updates and amendments approved.

The three-year plan for the development of the Trust was reviewed and updated in the light of Covid. There is an overarching Trust plan and separate plans for the Old Girl's School Community Centre, Community Library and Community Development.

Trustee induction procedure was reviewed and amended.

The trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

To further or benefit the residents of Sherburn in Elmet and the neighbourhood, without distinction of sex, sexual orientation, race or of political, religious or other opinions, by associating together the said residents and the local authorities, voluntary and other organisations in a common effort to advance education and provide facilities in the interests of social welfare for recreation and leisure time occupation with the objective of improving the conditions of life for the residents.

All our charitable activities focus on improving conditions for residents and are undertaken to further our charitable purposes for the public benefit. All aspects of the Trust's work during 2020-21 were dominated by the Covid-19 crisis.

There are five strands to the work of the Trust:

1. Community Library.

The library provides a vital community asset to all ages with access to books and digital learning, but also access to council services and as an information and safe meeting place for Sherburn and nearby villages. Library opening was heavily restricted due to Covid-19, but the opportunity was taken to begin work on refurbishing the library while it was closed; this work is ongoing and will be completed in July 2021.

2. The Old Girls School

This provides a community centre for recreational, educational and social activities which will improve our health, well-being and skills base and reduce social isolation. Like the library, the community centre was closed for a significant part of the year and operated under Covid restrictions when it was open.

3. Community Development

The Trust received a grant from the Parish Council which has enabled it to employ a Community Development Manager (CDM) who provides the knowledge and support to ensure that local projects and community spirit continue to flourish. Issue 12 of Sherburn Informer was produced by the CDM and completed the grant which had been provided by Sherburn Parish Council for the production of this community publication. The CDM takes all the bookings and handles the administration of the Community Minibus.

However the impact of Covid-19 meant that most of the CDM's time in 2020-21 was spent coordinating and supervising the community response to the crisis (see also item 5 below).

The Trust have been involved in the Sherburn Revitalisation Project, part of which is a plan for "An appealing village centre".

4. Youth Provision

The Trust have repurposed a grant which has been paid to the Parish Council for the provision of youth facilities as part of the refurbishment of the rugby club. Building works were completed in October 2020 and the aim is to provide a youth hub that will be a safe and supervised space for young people who are vulnerable to both engaging in ASB and being potential victims.

5. Coronavirus

The Covid-19 crisis led to the formation of Sherburn Coronavirus Aid Group (SCAG) in March 2020 and the Community Trust stepped in and agreed to be the responsible body and provide banking and accounting facilities. Following a request from North Yorkshire County Council, the Community Trust also agreed to be the Community Support Organisation (CSO) who provide support and advice to all local Covid support groups (i.e. Sherburn and surrounding villages).

The Old Girls School Community Centre was used as an

operating hub and call centre for SCAG and the CSO. Shopping and other urgent supplies (including prescriptions) were provided for vulnerable residents. Help and support for local residents was being provided up to and beyond 31st March 2021.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- ☐ policy on grantmaking;
- ☐ policy programme related investment;
- ☐ contribution made by volunteers.

The Trust are very grateful to the volunteers whose help and enthusiasm has been invaluable. The 60+ volunteers who run the library are absolutely indispensable – without them the library would have to close. At the Old Girls School, the Friends, the Management group and the Cinema group have all played important roles in ensuring that this much loved building has been running successfully.

The great community spirit in Sherburn was evidenced by the 70+ people who volunteered to help Sherburn Coronavirus Aid Group.

Future plans

The Covid-19 crisis which impacted towards the end of this period will dominate our plans for the immediate future. Our aim is to ensure that all our activities will survive this crisis and be able to support our community during this crisis and as we emerge from it.

The success of the CSO setup across North Yorkshire has led the County Council to propose its continuation in a non-Covid setting and the Trust have had some preliminary discussions about this possibility.
