Trustees' Annual Report for the period

From period start date: 01/04/2024

To period end date: 31/03/2025

Charity name: Flipping Youth

Charity registration number: 1167019

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The promotion of community participation in healthy recreation, in particular by the provision of facilities for the partaking of predominantly but not exclusively Skateboarding/ BMX/ Inline Skating/ Scooter/ Surfing.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	The promotion of Skateboarding and other Skate Park sports in Jamaica, in response to high levels of criminality involving young people and gang affiliation. The current project aims to provide a safe Skate Park facility for young people and act as a diversion from involvement in street crime through sport and positive social mixing.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	All trustees have been supplied with printed copies of the public benefit guidance issued by the Charity Commission. To confirm an understanding of this information, all trustees have met and discussed the issued guidance.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Following the successful 'official' celebration event for the creation of Freedom Skatepark & Youth Centre, which took place in October 2022, Flipping Youth had a quieter year in its operations throughout 2023/24.</p> <p>We continued to support several participants of the business launch programme 'Just Dweet'. This included one participant receiving a \$128k JMD grant to support the scale-up of his clothing brand, facilitating his ability to acquire stock at reduced rates and increase profit margins. This young person was someone who was involved in getting hands on and actually building the skatepark, having previously completed the 'Planting Seeds' programme with Flipping Youth and Concrete Jungle Foundation, whereby he was paid for an internship throughout the whole skatepark construction period, learning new skills about working with wood and concrete, whilst earning a competitive wage.</p> <p>The ability to establish financial backing is a prevalent barrier to young people in Jamaica being able to explore their entrepreneurial ideas and start new businesses. Finding employment can be very difficult for those lacking formal educational qualifications, there is also a strong stigma around class, which regions people are from and those with criminal records. These factors all add to the importance of young people who face any of these barriers to have the opportunity to explore self-employment. Flipping Youth is happy to be able to provide this sustained support for a young person who has demonstrated his dedication and commitment to the Freedom Skatepark community initiative, and may not have been able to fulfil his ambition to develop his clothing brand without some financial support.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The financial position of Flipping Youth as the year closes is sound and sufficient to carry out our intended activities.

All staff have undertaken safeguarding training and had DBS checks as part of their work with young people outside of Flipping Youth. Minor operational expenses are covered by trustees personally. Trustees provide their own IT technology to work on Flipping Youth related activities, so there is no requirement to purchase laptop computers for staff.
Details of fund materially in deficit	Para 1.24	None.
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	There are no current uncertainties regarding Flipping Youth being able to continue. We plan on maintaining our current strategy and continuing to support our primary objective, with no plans to expand or take on further responsibility.

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>This year saw the eagerly awaited delivery of the delayed opening celebration for the Freedom Skatepark & Youth Centre in Bull Bay, Kingston, Jamaica – Flipping Youth's flagship initiative. The event was postponed several times due to Covid-19 related restrictions, but we were thankfully able to come together in October 2022 to celebrate the achievement of all project partners in bringing Jamaica's first skatepark to fruition.</p> <p>In the run-up to the event, Flipping Youth funded some renovations to the skatepark, including an upgrade to one of the toilets to make it accessible for wheelchair users, the commissioning of a local youth artist to create a 'Freedom' mural and paying some of the existing skatepark staff additional funds to paint sections of the skatepark, bringing pops of colour and vibrancy ahead of the celebration event.</p> <p>The event was attended by founding partners, project donors, children and young people who use the facility, key community representatives, along with the Minister of State for Culture, Gender, Entertainment and Sport. The event consisted of skateboard demonstrations from the local riders, live music, dance, refreshments and some inspirational words from representatives of the Freedom Skatepark Foundation. The event allowed all of the founding partners, including Flipping Youth, to take stock of what we had achieved by working together over a 4 year campaign period to make the Freedom Skatepark a reality.</p> <p>Whilst in Jamaica, Flipping Youth launched a new youth entrepreneurship programme 'Just Dweet', aimed at helping young people get their business ideas off the ground. The programme was aimed at young people aged 15-30 who live in the Kingston and St Andrew region and are users of the Freedom Skatepark. 6 young people successfully gained a place on the programme and attended a workshop in Kingston to learn about the basics of starting a business, including guidance on creating a business plan, elevator pitch, 'SWOT' analysis and understanding your 'USP'. The workshop finished by supporting the participants to register their</p>

		businesses online with the Companies Office of Jamaica. The young people's business ideas ranged from clothing brands, to a social media operated skate shop and an ethical ceramics company.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The beginning of this year marked the 1 year anniversary for when we began construction of our landmark project, the Freedom Skatepark & Youth Centre in Bull Bay, Kingston, Jamaica. The focus of our work has now shifted from the construction and launch of the skatepark and initial programme activities, to governance, fundraising, development and sustainability. Our main project partner, the CJF (Concrete Jungle Foundation), continue to deliver educational programmes at the facility, which are available free of charge to children and young people in the community.</p> <p>As a founding partner, Flipping Youth sits on the Freedom Skatepark Foundation board and meets with the wider project partners monthly to provide governance of the project. The board contains a variety of members, including local skaters, staff members from the skatepark, community partners, volunteers, corporate partners and international NGOs.</p> <p>Flipping Youth continued to fundraise in FY 2021/22, with 100% of funds going directly into operations and programme delivery on the ground at the skatepark in Jamaica. This includes an educational programme 'Edu-Skate', delivered by the CJF, which is a personal development programme that uses skateboarding as a tool for learning. All of the funds raised in 2021/22 were from individuals and are restricted to the Freedom Skatepark project.</p> <p>Looking ahead to future plans, we hope to direct some of our fundraising efforts towards implementing a Business Launch programme to assist young people with getting their business ideas off the ground through micro-grants, workshops and business mentorship.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The financial position of Flipping Youth as the year closes is sound and sufficient to carry out our intended activities.
---	-----------	---

		Our remaining funds are restricted towards funding the ongoing development of Freedom Skatepark & Youth Centre.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Flipping Youth does not currently hold any reserves.
Amount of reserves held	Para 1.22	£0.00
Reasons for holding zero reserves	Para 1.22	Flipping Youth is operated by a team of volunteers who work remotely and meet either online or in free of charge spaces, meaning that there are no operational overheads associated with staffing. All staff have undertaken safeguarding training and had DBS checks as part of their work with young people outside of Flipping Youth. Minor operational expenses are covered by trustees personally. Trustees provide their own IT technology to work on Flipping Youth related activities, so there is no requirement to purchase laptop computers for staff.
Details of fund materially in deficit	Para 1.24	None.
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	There are no current uncertainties regarding Flipping Youth being able to continue. This year has been very successful and we have managed to conclude the construction phase of our primary project that we have been building towards over the past 5 years. We plan on maintaining our current strategy and continuing to support our primary objective, with no current plans to expand or take on further responsibility.

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>At the start of the year we were finalising the construction of our long-term project to build Jamaica's first skatepark with attached youth centre, the 'Freedom Skatepark'. The project is situated in the outskirts of the capital city Kingston, in a place called Bull Bay. We collaborated with the local football club 'Bull Bay FC' to secure permission from the National Land Agency to use part of their designated plot of government owned land to build the skatepark and youth centre.</p> <p>The skatepark was constructed by our partners at CJF (Concrete Jungle Foundation) and Flipping Youth managed the construction of the youth centre. We had to navigate a turbulent time as Covid-19 hit Jamaica during our construction phase, but despite numerous setbacks, we concluded our build and opened up the facility for public recreational usage. For the first few months, as the country implemented a series of national lockdowns and tough measures aimed at curbing the spread of Covid-19, we operated on a reduced scale as we tried to minimise the gathering of large groups.</p> <p>By September 2020 there were CJF educational skate classes being delivered during the week, which were free of charge for local children to attend. The development of a 'Homework Club' was then introduced, with the skatepark paying teachers to come and deliver classes after school to boost their learning. At a time when most schools in the country remained closed, with a very limited amount of children able to access their schooling remotely online, the skatepark was one of the few places where children could still access education.</p> <p>During the second half of the year, we shifted our focus onto the post-construction landscape, thinking about how we can make the Freedom Skatepark programmes sustainable. This includes a lot of attention on fundraising in order to maintain what has now been established. Flipping Youth is one of the founding partners of the Freedom Skatepark Foundation, attending monthly board meetings and contributing to the ongoing governance of the facility.</p>
