Summary of the purposes of the charity as set out in its governing document	Para 1.17	To promote and protect Good Health and Well-Being among people suffering from life limiting illnesses, their families and carers in particular but not exclusively by providing information, advice and practical support.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>St Bernard Support CIO continued to undertake a number of activities to help people affected by life limiting illnesses and terminal illnesses despite the coronavirus pandemic. St Bernard Support continued to work with a number of partners and organisations including GPs, hospices, hospital trusts, charities, support groups etc in delivering our services. St Bernard Support continues to operate on a nationwide basis.</p> <p>We provide our services either directly ourselves or by working with partners. One way we help people affected by life limiting illnesses is via our charity's financial well-being help sessions that promote financial well-being amongst people affected by life limiting illnesses. These help sessions have been held online as webinars because of the coronavirus pandemic. The help sessions and talks we have hosted have been informative and helpful to those who have attended them. Furthermore, we have worked with people affected by life limiting illnesses on an individual one-2-one basis by telephone, over the internet and in person when absolutely necessary.</p> <p>By helping people affected by life limiting illnesses and terminal illnesses, St Bernard Support has benefited the wider community. Our actions in promoting the well-being of individuals and those that</p>

		care for them as well as work with other partners has helped people affected by life limiting illnesses such as cancer, heart disease etc.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	<p>The trustees of the Charitable Incorporated Organisation have paid due regard to the guidance issued by the Charity Commission on public benefit. The trustees have ensured that this is embedded in the charity's activities and in its services to people affected by life limiting illnesses.</p> <p>The Charity continues to meet the Charity Commission's public benefit criteria under both the advancement of citizenship or community development headings. Policy on social investment including program related investment	Para 1.38	St Bernard Support's policy on social investment is to ensure that all the charity's activities are aimed at benefiting the charity's users and wider society.
Contribution made by volunteers	Para 1.38	<p>St Bernard Support has been greatly assisted by volunteers in helping the charity deliver assistance to people affected by life limiting illnesses and those that care for them.</p> <p>Additional assistance has been offered by other organisations that have referred clients on to the charity in order to benefit from our services.</p> <p>The charity's activities have also benefited from free publicity offered by other organisations who have been happy to publicise the charity's activities. Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The main achievement of the charity in 2020/2021 continues to be helping people affected by life limiting illnesses and those that care for them. This is despite the coronavirus pandemic that has hindered our charity in providing our services.</p> <p>The charity continues to receive positive feedback from individuals that the charity has assisted. We have received both oral feedback and written statements of appreciation. The charity is always keen to receive feedback from stakeholders as this allows us to enhance and improve the services we offer.</p> <p>The charity has also received positive feedback from organisations we have helped or worked in partnership with. Again, we are always keen to seek feedback in order to ensure we meet the expectations of our partners and if possible, exceed them.</p> <p>The charity provides its services on a nationwide basis. We have had to temporarily suspend our venue based help sessions because of the coronavirus pandemic. Our services have been provided over the internet and by telephone. On some occasions it has been necessary to provide in person services.</p> <p>Recipients of our charity's services have found our assistance to be useful, informative and supportive in meeting their needs and requirements.</p> <p>The charity's online Well-Being webinars continue to be informative and useful for the people who have participated in them.</p> <p>The charity's partly owned not for profit joint venture SBS Financial Services CIC (Community Interest Company) also delivered services to clients. SBS Financial Services CIC is authorised and regulated by the Financial Conduct Authority (FCA) to provide independent financial advice to clients. SBS Financial Services CIC is now starting to deliver an income to the charity which has been useful given the impact of the coronavirus pandemic on our charity's activities.</p>

		<p>A key challenge faced by the charity during 2020 and 2021 has been dealing with the consequences of the coronavirus situation. Government restrictions have stopped the charity from running face to face help sessions. This has meant that most of the charity's services from March 2020 onwards have been provided either by telephone or over the internet.</p> <p>The charity will look to expand the services it offers to people affected by life limiting illnesses after the coronavirus situation has eased. We intend to do this by working in partnership with other individuals and organisations such as GPs, hospices and charities. We already provide our well-being services in partnership with other organisations and individuals and any expansion will only be limited by the size of our charity.</p>
