Summary of the objects of the charity set out in its governing document

The following objects are for the benefit of those who are socially or economically disadvantaged in West London:-

- 1) to develop the capacity and skills in such a way that they are better able to identify their needs and to participate more fully in society;
- 2) to advance education;
- 3) to help young people, especially but not exclusively through leisure time activities, so as to develop their capabilities that they may grow to full maturity as individuals and members of society;
- 4) to relieve poverty;
- 5) to promote social inclusion for the public benefit by preventing people from

becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society. "for the purpose of this clause 'socially excluded' means being excluded from society, or parts of society, as a result of one or more of the following factors: unemployment; financial hardship; youth or old age; ill health (physical or mental); discrimination on the grounds of race, disability, ethnic origin, religion, belief, creed, poor educational or skills attainment; relationship and family breakdown; poor housing (that is housing that does not meet basic habitable standards; crime (either as a victim of crime or as an offender rehabilitating into society), single parents and their children who are socially excluded as a result of their social and economic position;

6) to seek to enhance, the good health, both mental and physical, of adults and children by increasing public awareness of the benefit of committed couple relationships, marriage, and family life and working to prevent poverty, hardship and distress caused by the breakdown of such relationships.

The charity carries out a wide range of activities in pursuance of its charitable aims. The trustees consider that these activities, summarised below, provide benefit both to those who uses our community centre and the wider community of Uxbridge and neighbouring cities.

CULTURAL ACTIVITIES:

The community centre provides place for our prayers and worship and for the activities associated with our faith. During the year under review, we offered and conducted a range of religious and cultural services and activities including:

Festivals: our centre prepares food during holy month for those attending our activities and wish to break their fast together. Religious festivals i.e. Eid was also celebrated at our centre with a family day and communal meal.

Cooking and selling ethnic foods to raise funds: each week on Fridays the charity invites a voluntary chef to cook Turkish foods to raise funds for the Charity. This activity used to be done monthly, but it has become so popular then it was changed to weekly.

EDUCATION / TRAINING ACTIVITIES

Our community centre hall and rooms provide a valuable educational and recreational resource to all in our local community. A wide range of activities are organised and take place from our community centre.

Turkish language courses: Turkish Consulate General in London appointed a Turkish language teacher to teach Turkish language and culture to pupils and adults at our Community Centre.

Supplementary school and homework support: at weekends and during school holidays a supervised homework club is supported and supervised by volunteers and over 35 children regularly attend the club.

Seminars and cultural and religious talks: volunteers provide free cultural and religious seminars at our centre every Wednesday evenings.

Sport activities

The Charity organises sport events mainly in football and table tennis.

LEISURE AND SPORT ACTIVITIES

People at every age group need leisure and sport activities to develop friendship and social skills that will improve their confidence in communicating to others. These extracurricular activities are essential part of the program to practice the language and communication skills young people develop at the classrooms. Sports, along with enhancing health and fitness, would enable people especially young people to use all their senses and by choosing sports in their lives, young people can not only become physically stronger but also emotionally tougher.

Our aim to:

- Raise the attainment of people, particularly those facing disadvantages
- Develop their essential skills
- Prepare young people for the world of work and further study

We do this by following:

- Commitment and inspiring pro-social friendships, strong interpersonal skills, and instill a sense of hope in the future.
- Responsibility and empowering young people in establishing goals and following through on commitments.
- Possibility of expanding the perspective of young people to make them aware of their competences.
- Supporting individuals and surrounding young people in a caring, inclusive learning environment.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Volunteers are an important resource in community work. This year our Charity has achieved to reach over 300 Turkish speaking people in Uxbridge and surrounding cities. This helped us increase our number of volunteers who then helped us organise and conduct more charitable and fund-raising activities than last year. Volunteers are involved in most of our community activities and we have now over 30 people regularly giving their time.
