Activities

Objects: FOR THE PUBLIC BENEFIT, THE RELIEF AND ASSISTANCE OF DISABLED CHILDREN AND YOUNG PEOPLE AGED 0-25 YEARS AND THEIR FAMILIES LIVING IN AND AROUND THE GLENVIEW DISTRICT OF HARARE, ZIMBABWE, IN PARTICULAR BUT NOT EXCLUSIVELY BY (A) SPECIALIST CARE AND EDUCATION PROVISION (B) RAISING AWARENESS OF DISABILITY (C) PROVIDING SPECIALIST EQUIPMENT, ADVICE AND TRAINING.

Activities: The charity organises fundraising events in the UK. It works with its Zimbabwe trust board to agree the priority needs of the disabled children's day centre in Harare. We directly provide equipment and day to day provisions; make grants to the Zim board to provide specialist and educational services to the Centre; seek through our work to raise awareness of disability in the local community.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

"For the public benefit, the relief and assistance of disabled children and young people aged 0-25 years and their families living in and around the Glenview District of Harare, Zimbabwe, in particular but not exclusively by (a) specialist care and education provision (b) raising awareness of disability (c) providing specialist equipment, advice and training."

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The organisation carries out the following activities in support of its purposes:

- The trustees organise events to raise awareness of and to fundraise for the charity.
- The trustees also assist other supporters both individuals and organisations such as schools and businesses to similarly raise funds by giving presentations at or provide communications materials for these events.
- The organisation has supported the setting up of a mirror charitable organisation with its own board of trustees in Zimbabwe to enable operational activities and decisions to be more effectively overseen from a governance perspective. This is particularly important given the political climate in Zimbabwe and the prevalence of corruption. We must ensure that any grant monies that are provided to the centre go directly to it and to the benefit of the children who attend the centre and their families rather than rely on individuals to carry out this role.
- The organisation reviews the priorities of the centre through communication with both the centre and the charity trust board in Zimbabwe. These priorities are ranked by the trustees and a number of funding grants have been made by the organisation to the centre via the Zimbabwean trustee board. A project justification is completed including financials and evidence of impact which is then reviewed and either approved or rejected by the UK organisation's trustees
- The organisation also directly provides equipment to the centre through shipments or via visits by the trustees to Zimbabwe.
- In pursuance of their activities and responsibilities as trustees, the trustees have full regard to the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

During the financial year 2024-25, communication with the trustees in Zimbabwe and staff at the centre was maintained despite continuing political instability in Zimbabwe.

The Centre remains open on a regular basis to support disabled children and their families. The funding set aside for 2024-25 grant allocation to provide support parcels to families to address the impact of economic hardship and food shortages in Zimbabwe was released as planned in this financial year. Around 40 families (an increase over previous years) supported by the Centre have been provided with food and other household essentials as well as underwear, nappies and sanitary wear. Parcel were provided to coincide with Christmas 2024 and Easter 2025.

Section E Financial review

Brief statement of the charity's policy on reserves

The trustees' policy is to retain sufficient unrestricted funds (currently a figure of £1000) to cover known commitments. The reserves policy is reviewed annually by the trustees.

Summary of the main achievements of the charity during the year

During the financial year 2023-24, communication with the trustees in Zimbabwe and staff at the centre was maintained despite a level of political instability in Zimbabwe prior to and post elections held in August 2023

The Centre has re-opened on a regular basis following extending periods of closure during and after Covid. As a result, the opportunity to make grants has become possible once more. The funding set aside for 2023-24 grant allocation to provide support parcels to families to address the impact of economic hardship and food shortages in Zimbabwe was released as planned in this financial year. Summary of the main achievements of the charity during the year

During the financial year 2022-23 the organisation held one main funding raising event (1 tennis competition).

Communication with the trustees in Zimbabwe and staff at the centre has been maintained but continued to be challenging due to the impact of Covid with the Centre being closed for extended periods beyond restriction dates in the UK as well as a level of political instability in Zimbabwe prior to elections being held in August 2023

As a result of the Centre being closed for much of the financial period no grants were made as it was not possible to organise the distribution of goods directly to the homes of families supported at the Centre. Instead funding has been set aside for 2023-24 grant allocation to provide support parcels to families to address the impact of economic hardship and food shortages in Zimbabwe. Around 30 families supported by the Centre will be provided with food and other household essentials as well as underwear, nappies and sanitary wear in the next financial year.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

"For the public benefit, the relief and assistance of disabled children and young people aged 0-25 years and their families living in and around the Glenview District of Harare, Zimbabwe, in particular but not exclusively by (a) specialist care and education provision (b) raising awareness of disability (c) providing specialist equipment, advice and training."

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The organisation carries out the following activities in support of its purposes:

- The trustees organise events to raise awareness of and to fundraise for the charity.
- The trustees also assist other supporters both individuals and organisations such as schools and businesses to similarly raise funds by giving presentations at or provide communications materials for these events.
- The organisation has supported the setting up of a mirror charitable organisation with its own board of trustees in Zimbabwe to enable operational activities and decisions to be more effectively overseen from a governance perspective. This is particularly important given the political climate in Zimbabwe and the prevalence of corruption. We must ensure that any grant monies that are provided to the centre go directly to it and to the benefit of the children who attend the centre and their families rather than rely on individuals to carry out this role.
- The organisation reviews the priorities of the centre through communication with both the centre and the charity trust board in Zimbabwe. These priorities are ranked by the trustees and a number of funding grants have been made by the organisation to the centre via the Zimbabwean trustee board. A project justification is completed including financials and evidence of impact which is then reviewed and either approved or rejected by the UK organisation's trustees
- The organisation also directly provides equipment to the centre through shipments or via visits by the trustees to Zimbabwe.
- In pursuance of their activities and responsibilities as trustees, the trustees have full regard to the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

During the financial year 2021-22 the organisation held two main funding raising events (2 tennis competitions).

Communication with the trustees in Zimbabwe and staff at the centre has been maintained but continued to be challenging due to the impact of Covid with the Centre being closed for extended periods beyond restriction dates in the UK.

Funding grants this year have focused on provision of food at the Centre and providing support parcels to families due to the impact of economic hardship and food shortages linked to Covid in Zimbabwe. Around 30 families supported by the Centre were provided with food and other household essentials such as laundry items, soap, toothpaste and toothbrushes.

Section E Financial review

Brief statement of the charity's policy on reserves

The trustees' policy is to retain sufficient unrestricted funds (currently a figure of £1000) to cover known commitments. The reserves policy is reviewed annually by the trustees.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

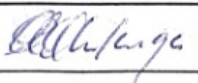

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Summary of the main achievements of the charity during the year

During the financial year 2020-21 the organisation held two main funding raising events (tennis competition and an afternoon tea). The capability to deliver events was significantly impacted by Covid pandemic restrictions.

Communication with the trustees in Zimbabwe and staff at the centre has been maintained but has been more challenging due to the impact of Covid with the Centre being closed for extended periods.

One of the UK trustees made a self-funded visit to Zimbabwe in December 2020 to visit the Centre and to undertake maintenance of existing wheelchair and other equipment, as well as providing maintenance training to volunteers at the Centre.

Funding grants have again been made to enable the provision of Christmas food parcels, the distribution of which was made during the visit of the UK trustee. Around 30 families supported by the Centre were provided with food and other household essentials such as soap, toothpaste and toothbrushes.

Equipment to enable disabled tennis participation was also donated during 2020-21 for use by the children and young people at the Centre to encourage physical activity and participation in sport.

Section E Financial review
