Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To promote social inclusion for the public benefit of older men, primarily over 50 years of age, by preventing them from becoming socially excluded, relieving the needs of those men and assisting them to integrate into society through the provision of a premises in which they can meet jointly or individually undertake and share creative, physical, social and recreational activities of their choice.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	The provision of our space allows older men to meet. And undertake practical projects and activities which keep their minds active. The social interaction with their peers voids an opportunity for them to engage with others in a familiar and relaxed environment. The group has undertaken specific projects for local groups and organisations.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The Trustees confirm they understand the gardens relating to public benefit. We believe there is a need for our group. A section of society we focus on is older men. It has been shown in research that men, primarily older men, are less likely to engage in a wider social activity. A survey of the population of Stratford upon Avon, shows that 25% of the residents were older men.

Achievements against objectives set	Para 1.41	<ol style="list-style-type: none">1. We provide a location with a workshop space, where primarily older men meet up to five times a week, engaging in woodworking and other activities. We undertake personal projects, or projects for local groups and charities. Some projects made are sold to raise funds for our charity. The group has 41 members at present. Anecdotal evidence gathered from within the group, shows our members benefit from the Shed's social activity and interactions with others. Some of the members of the group have formed friendships, and meet outside the times of the formal group.2. Some of our members are professional tradesmen, and others are experienced in DIY. They share their knowledge and experience with others in the group.3. We have been particularly successful developing relationships with other charities, and groups.4. We were established in our workshop within the community hub, Foundation House. This is managed by Stratford Town Trust. We were advised in 2017 that the lease would run until mid-2027. This was a licence agreement renewed each year; and we were not required to pay any fees. However, in 2021 just as COVID-19 restrictions were reducing, we were advised to contribute to the running costs of this building. This licence fee of £2,895 per annum, placed an unexpected burden on our charity. On 25th January 2023, we were advised by Foundation House, and Stratford Town Trust, that the owners of the building were exercising, a 'break clause' in the lease, and there maybe a risk of either an increased licence fee, or the complete closure of the charity hub.5. After the AGM in April 2022, we undertook a restructuring, and membership training programme. So, we waived the membership fees until October 2022. We were successful in achieving a Stratford Town Trust grant funding of £250, for the
