Summary of the objects of the charity set out in its governing document

For the benefit of the public, to relieve the suffering of equines, who may be old, neglected, abandoned or otherwise, in need of care and attention, and to provide and maintain rescue homes and other facilities for the homing, care and treatment of such equines.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We accept most volunteers to help at the sanctuary. The sanctuary benefits people by developing their self-confidence and social skills in a form of animal therapy and team work. There is also a sense of importance as they are responsible for the horses and ponies at the sanctuary. We welcome all young people over the age of 14, regardless of personal background, faith, gender or personal circumstances.

We hold fundraising activities to financially support the sanctuary, so that we can continue to provide and maintain rescue homes and other facilities for the homing, care and treatment of the horses and ponies that we have.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grant making;

A great contribution is made by our volunteers. We are grateful for the many hours the volunteers put in, and sometimes at their own expense.

Without the volunteers, the charity will struggle to fulfil its objectives.

The public can also sponsor one of our ponies at any time of the year.
