Optional information:

The No Barriers Foundation continues to help broaden access to education in developing countries. Through 2020/21, our activity was drastically reduced due to the pandemic. We provided funds for school furniture and distance learning resources for God's Grace school in Uganda and we provided emergency assistance to migrant workers in India who were facing homelessness and starvation.

Money has been sent either through Western Union or volunteer bank accounts to ensure a safe transfer of funds and because the trustees are not based in these countries, we have asked for receipts for all funds transferred to ensure it is going towards where it is intended (i.e. classroom building).

To minimise this risk, we only work with parties we know (schools where volunteers have worked or schools existing charities work with) and we have sent small amounts initially. Once we know the funds are received and appropriately spent, we then send more for

classroom building. This gives us assurance that our international partners are reliable and trustworthy.

Objectives and activities

The No Barriers Foundation aims to broaden access to education in developing countries and improve the quality of education children in these countries receive. We do this through sponsoring teachers, giving oversubscribed schools the money needed to build new classrooms, sending books, art or sporting equipment to schools lacking in resources and providing schools money to install clean water facilities.

Achievements and performance

In 2020, we have:

- Provided migrant worker families in India with emergency funding to prevent homelessness and starvation. This was during the onset of Covid-19 (Spring 2020)
- Funded God's Grace school in Uganda to help purchase new furniture (benches and tables) and resources for home learning
- Funded the beginning of construction work (readying land) for a new temporary building site for God's Grace school.

There are no funds in deficit.

Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

Accounts

Current assets: £1812

Total income: £2242

Total expenditure: £1982

All expenditure in this period went towards resourcing God's Grace primary school (Kibale, Uganda) with furniture and laying foundations for a new permanent building and additionally providing emergency relief for migrant workers in India during the Covid-19 pandemic (via the INBI Foundation).

COVID-19 Relief

Update on INBI Foundation's Work

Dear Friends,

On behalf of India Network for Basic Income (INBI), I would like to thank you for your kindness and generous contribution to our relief work. We are grateful to you for the trust you have reposed in us. I would like to give an overview of what we have been doing and what more we plan to do.

Broadly we have three streams of relief work, and that is where your contribution has gone.

1. Personal Protective Equipment (PPE) and Dry Rations to waste collection workers
2. Dry Rations and other support to Migrant Workers
3. Emergency Basic Income to Migrant Workers
