

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' annual report (including Directors' report) for the period

From: 01 September 2023 To: 31 August 2024

Charity name: Friends of King's College London Maths School

Charity registration number: 1167583

Report of the trustees for the year ending 31 August 2024

The trustees are pleased to present their annual directors' report together with the consolidated financial statements of the charity and its subsidiary for the year ending 31 August 2024.

The financial statements comply with the Charities Act 2011 and the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

Our objectives and activities

Friends Objectives

The Friends of King's College London Maths School is a CIO established to advance the education of pupils in King's College London Maths School, in particular by:

- (1) Providing facilities or equipment which are not normally provided by the Education Funding Agency;
- (2) Developing effective relationships between the staff, parents, and others associated with the school;
- (3) Providing additional support and services to students who are in need of assistance.

Friends Activities 2023-2024

In 2023-24, Friends supported these objectives through the following activities:

- King's Kulture ensured that every student in the school had the opportunity to attend at least two cultural experiences. Following the experience, all students wrote a short review of their experience - they paid in words, not money.
- A bespoke **WeSpeak** programme for KCLMS
- We continued to fund a **Learning Mentor** to work with students on a one-to-one or small group basis to improve their learning behaviours and literacy. This specific and individualised intervention is key to our students fulfilling their full academic potential and developing their learning as widely as possible.
- We continued to fund specific pastoral interventions from the Lead Teachers to work with individual students who have particular needs. These interventions can be for a short period or more ongoing.
- We sponsored evening events, including the November Curry/Pizza, February Bingo, and a summer prom for Y13 students.
- We sponsored race entries for Chase the Moon in November and the Victoria Park Race in March.

Achievements and performance

- For **King's Kulture**, Students attended events ranging from ballet to drill music, from a Studio Ghibli adaptation to classical music in a nightclub. 92% of the students attended at least one event, with over 500 tickets in total.

Students received all tickets free of charge and wrote reflective reviews afterwards to critically evaluate the culture they experienced. We focused in particular on ensuring that disadvantaged students were given a range of opportunities, and tailored our provision accordingly.

- King's Maths School students took part in the We Speak programme in Spring 2022. Ten students signed up and 8 students completed the programme.

The students increased their speaking confidence by 33% on average over the course of a 4-week online programme. The students worked with Investec, HSBC, Just Eat, and Dojo mentors, who gave personalised feedback and guidance.

Overall confidence grew by 33%.

In addition, the students' confidence increased in a range of employment-related scenarios:

- 29% more confident speaking to a group of employers
- 19% more confident speaking to employers on a video call

- 20% more confident speaking in a job interview.

Kessia, 50% increase in speaking confidence

"When I used to speak, I felt like everyone was staring and judging me. During the programme, the mentors were engaging and everyone was really encouraging. The pace was slow which was good. I've gained some confidence that made me think, wait maybe I am pretty okay at talking and I think that reassurance has boosted me more. Thank you!"

- The specific and individualised intervention of the **Learning Mentor** is key to each of our students fulfilling their full academic potential and developing their learning as widely as possible. These interventions are subject to feedback from students via student surveys.
- The pastoral intervention from the Lead Teachers is subject to student feedback via student surveys.
- Parents, Carers and Students attended the Curry/Pizza Event, Bingo and Prom events

Financial review

Financially, our income (fundraising and donations) exceeded our outgoings. Our surplus is being deposited into our HSBC Community Account.

The Friends are in a solid position to support future requests for financial assistance from the school as they arise.

There are no uncertainties about the Friends continuing as a going concern.

Structure, governance and management

The Friends of KCLMS is a CIO governed by its 'Foundation' Constitution and registered as a charity with the Charity Commission.

As set out in the Constitution, trustees are appointed for a term of two years by a resolution passed at a properly convened meeting of the charity trustees. In selecting individuals for appointment as charity trustees, the charity trustees must have regard to the skills, knowledge and experience needed for the effective administration of the CIO.

Reference and administrative details

Charity name	Friends of King's College London Maths School
Other name the charity uses	Friends of King's Math School, Friends of KCLMS
