## Achievements & Performance

### Statutory Declaration

The trustees declare that they have complied with their duty to have due regard to the guidance on public benefit published by the commission in exercising their powers or duties.

### Summary of the Main Achievements of the Charity for the Year

- 1- The pandemic has tremendously affected our scope of work in every respect.
- 2- During this year we were focusing on understanding the community needs, especially the psychological impact of the Pandemic on the audience we serve and how Kidz & Sibz should address those needs. We went into a deep dive assessment which resulted in us appreciating that the enhancements introduced last year, may not address the news needs of the community. Therefore, the need for a further enhancement to equip trustees and potential volunteers with the skills to conduct our services to the community online. Together with some potential restructuring in order to improve operational efficiency and be able to fundraise or obtain further grants to support our charitable object.
- 3- Due to family circumstances some of the trustees were unable to dedicate time and efforts, therefore the need for recruiting new volunteers and trustees alike. Which was hampered by the first lockdown, and we had to cancel a couple of planned events.
- 4- Change to the way we deliver our services and the way we recruit volunteers and new trustees.
- 5- Design an online training program (in progress) to equip the team with adequate knowledge on how to serve our audience better in Covid situation and restrictions, and what can be done for Post-Covid new norm. No fundraising or face-to-face events were conducted during this period.
- 6- We have identified additional needs in the community, and an assessment is undergoing to explore whether it is feasible to include additional related services, especially for those children affected by the pandemic.

## Financial Review

### Brief Statement of the Charity's Policy on Reserves

The charity does not have a reserves' policy at this initial stage, however, the trustees realise the importance of having reserves and will put a reserves policy as soon as possible.

The trustees have been very aware of the charity's finances and have initially obtained a grant from St. Neots Town Council to assist with setup of the charity. The charity did not apply for further grants or did not organise fundraising campaigns due to the fact that we were in the process of assessing the community needs as mentioned in item 1 above.

### Further Financial Review Details

The setup grant of £2,500 from the St. Neots Town Council was the principal source of funds for cash flow purposes until the charity obtains additional grants or generates funds by fundraising activities.

During this period, no income was generated due to the reorganisation activity, and to cancelling a couple of planned events in March due to the lockdown.
