**Directors' & Trustees' report
Year ended 30 September 2020**

The Directors (who are also trustees of the charity for the purposes of the Charities Act) present their annual report together with the audited financial statements of The Theosophical Society in England for the year ended 30 September 2020. The Directors confirm that the annual report and financial statements of the company comply with the Companies Act 2006 and Charities Act 2011, the requirements of the company's governing document and the provisions of the Charities SORP 2019 applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

Directors/Trustees

The directors/trustees who served the company during the year were as follows:

J. Baker	
S.M. Bayliss	
E. Crofts	
N. Hart	
S. Johnson	
E. McGough	
C.L. Nash	
P. Soteriou	(resigned 19 October 2019)
M. Jenkinson	(appointed 2 July 2020)

Objectives

The objects of the Society are for the public benefit to promote moral and spiritual welfare, and the advancement of education, through the promotion and study of Theosophy, and the dissemination of the results of such study to the public.

To further its Charitable Objects the English Society may:

- provide and assist in the provision of money, materials or other help;
- organise and assist in the provision of conferences, courses of instruction, exhibitions, lectures and other educational activities;
- publish and distribute instructional and other materials on any medium;
- promote, encourage, carry out or commission research, surveys, studies or other work, making the relevant results available;
- provide or procure the provision of counselling and guidance;
- provide or procure the provision of advice;
- alone or with other organisations seek to influence public opinion and make representations to and seek to influence governmental and other bodies and institutions regarding the reform, development and implementation of appropriate policies, legislation and regulations provided that all such activities shall be confined to those which an English and Welsh charity may properly undertake.

Principles

The Society, while reserving for each member full freedom to interpret those teachings known as Theosophy, is dedicated to preserving and realising the Ageless Wisdom, which embodies both a world view and a vision of human self-transformation.

The Theosophical Tradition is founded upon certain fundamental propositions which include:

- Recognition of the unique value of every living being, expresses itself in reverence for life, compassion for all, sympathy with the need of individuals to find truth for themselves, and respect for every religious tradition. The ways in which these ideals become realities in individual life are both the privileged choice and the responsibility of every human being.
- Central to the concerns of Theosophy is the desire to promote understanding and fellowship among people of all races, nationalities, philosophies and religions. Therefore, all people, whatever their religious affiliations or gender, are invited to participate equally in the life and work of the Society. The Theosophical Society imposes no dogmas, but points toward the source of unity beyond all differences. Devotion to Truth, love for all living beings, and a commitment to a life of active altruism are the marks of a true Theosophist.

Summary of Activities

Its activities include the holding of lectures, seminars, residential Summer School and study groups for the promotion and study of the Society's classical objects. The Society has an active programme of events at its headquarters in London and supports similar events throughout the country, supported by authorised national speakers. The Society provides regular conferences and summers schools within its buildings and at other venues. Where possible, lectures are recorded for the benefit of those unable to attend. In addition, there are two web-based open learning courses, a Foundation Diploma and Higher Diploma in Theosophy, which are designed to assist students' understanding of the basic Principles of Theosophy. These are provided through flexible online learning, ongoing tutorial support, and an end of year examination. Grants and bursaries are available.

In promotion of its Charitable Objects, the Society regularly publishes a free quality magazine which has a wide circulation through a subscribers' mailing list, and it is available at centres of theosophical activity and many other public outlets. Current and past issues are posted on the Society's website. The Society has an active website which promotes its objects, events and activities and aids the study of theosophy through articles and videos and appropriate links to other relevant sources. Other web-based activities include social media such as Facebook and YouTube. The Society's headquarters has a comprehensive lending library on theosophy and related esoteric subjects.

Achievements and Performance

Due to the Coronavirus pandemic, since March 2020 general activities have been provided solely through online platforms as it has not been possible to hold regular study classes, lectures and conferences. Online events have been very successful in maintaining communications and providing educational content through zoom lectures and study meetings. These have attracted attendance from members and a broad section of the general public and the wider theosophical community, reaching an extensive geographical area in the UK and worldwide. Members of the public actively engage online, and (free) subscriptions through social media and YouTube have significantly increased over the past year, and the number of associates has trebled. Many significant events programmed throughout 2020 have had to be deferred and are dependent on future Government guidance and easing of the pandemic restrictions during 2021/22.

The annual online Diploma Courses are awarded through examination and continue to attract students from the UK and abroad. The Foundation Diploma develops a fuller understanding of the Ageless Wisdom, which underpins the core principles and values that lie behind many of the modern spiritual services, such as healing, spiritual counselling, yoga, and other therapies. Theosophical knowledge is invaluable for these activities and is also of interest to those who have an enquiring mind and wish to know about the esoteric teachings. The Foundation Diploma enables students to understand the basic foundations of Theosophy before embarking on the more intensive Higher Diploma. The Higher Diploma approaches the teachings from a much deeper level and leads students into some of the profound and inspiring aspects of Theosophy.

Only the Theosophical Society has the authority to offer genuine Theosophical Diplomas which are respected as a true mark of achievement. Whilst the Diplomas are not academic awards, they nevertheless carry real and meaningful value and offer insight into the esoteric teachings not available through academic courses which, generally speaking, focus on the broad history and cultural context of esoteric movements and are not equipped to teach the practical content and philosophical application of the teachings themselves.

Governance

The Society is a registered charity governed by its Articles of Association. Trustees and National Officers are selected and appointed in accordance with the provisions of the Articles and Byelaws and are subject to election by a national council. The national council consists of councillors elected by the Society's membership. The charity is managed by its Board of Trustees and National Officers. Trustees and Officers have received Trustees' training on the duties and responsibilities of Trustees and the requirements of charity commission guidance and charity law, and a Trustees and Directors Handbook has been provided.

Funding and Financial Review

For the financial year, the Society has a fund balance of £9,005,124. Assets are held for the fulfilment of the Society's charitable objectives and have been sourced through donations and legacies and a previous transfer of assets from The Theosophical Society Unincorporated Society and associated organisations. The Society is in its second year of operation as a charity and is undertaking an ongoing review of its strategic financial processes, planning and reserves. Directors have no concerns about the continuation of the Charity.

Directors/trustees responsibilities statement

The directors are responsible for preparing the directors report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss of the company for that year.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently; and
- make judgments and accounting estimates that are reasonable and prudent; and
- observe the methods and principles in the charities SORP; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the company's auditor is unaware; and
- they have taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

The auditor is deemed to have been re-appointed in accordance with section 487 of the Companies Act 2006.

Small company provisions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small company's exemption

This report was approved by the board of directors on 04.05.2021 and signed on behalf of the board by:

J. M. Baker

**J Baker
Director**

**The Theosophical Society in England
Charitable Company limited by guarantee**

**Independent auditor's report to the members of
The Theosophical Society in England
Year ended 30 September 2020**

Opinion

We have audited the financial statements of The Theosophical Society in England (the Charitable company) for the year ended 30 September 2020 which comprise the statement of financial activities, statement of financial position, statement of cash flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 30 September 2020 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you were:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other Information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated, if we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

**The Theosophical Society in England
Charitable Company limited by guarantee**

**Independent auditors report to the members of
The Theosophical Society in England (continued)
Year ended 30 September 2020**

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which includes the directors' report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report within the trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relations to which the Companies Act 2006 require us to report to you if, in our opinion:

- the financial statements are not in agreement with the accounting records and the returns; or
- the charitable company has not kept adequate accounting records; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the members were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the trustees' report and from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditors responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of the auditor's report.

**The Theosophical Society in England
Charitable Company limited by guarantee**

**Independent auditor's report to the members of
The Theosophical Society in England (Continued)
Year ended 30 September 2020**

Use of our Report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**The Theosophical Society in England
Charitable Company limited by guarantee**

**Notes to the financial statements
Year ended 30 September 2020**

1. General information

The charitable company is limited by guarantee and registered in England. The address of the registered office is 50 Gloucester Place, London, W1U 8EA.

2. Statement of compliance

These financial statements have been prepared in compliance with the provisions of FRS 102, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

The financial statements have been prepared in accordance with the charitable company's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) 2019. The Charity is a Public Benefit Entity as defined by FRS 102.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Fund accounting – unrestricted funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Tangible assets

Tangible assets are initially recorded at cost and are subsequently stated at cost less any accumulated depreciation and impairment losses

Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation, gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Freehold property	- No depreciation provided, residual value is at least fair value
Fixtures, fittings & equipment	- 25% straight line

The notes on pages 11 to 16 form part of these financial statements.

**The Theosophical Society in England
Charitable Company limited by guarantee**

**Notes to the financial statements (continued)
Year ended 30 September 2020**

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Trademarks - 10% straight line

Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation, is initially recognised at cost, which includes the purchase cost and any directly attributable expenditure. Subsequently it is measured at fair value at the reporting end date. The surplus or deficit on revaluation is recognised in profit or loss.

Fixed asset investments

Fixed asset investments are initially recorded at cost and subsequently stated at cost less any accumulated impairment losses. Listed investments are measured at fair value, with changes in fair value being recognised in profit or loss.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Stocks

Stocks are measured at the lower of cost or net realisable value. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stocks to their present location and condition.

Financial Instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost.

Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

The notes on pages 11 to 16 form part of these financial statements.

The Theosophical Society in England
Charitable Company limited by guarantee

Notes to the financial statements (continued)
Year ended 30 September 2020

Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship. Financial assets that are measured at cost or amortised are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Taxation

The charity is an exempt charity within the meaning of schedule 3 Of the Charities Act 2011 and is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure are sufficient with the level of reserves for the charity to be able to continue as a going concern.

4. Limited by guarantee

The company is a private company limited by guarantee and has no share capital. In the event of winding up the members' liability is restricted to £1.

5. Staff costs

The average number of persons employed by the company during the year amounted to 3 (2019: 5).

The aggregate payroll costs incurred during the year were:

	2020	2019
	£	£
Wages and salaries	110,450	139,048

No employee received total employee benefits of more than £60,000.

The notes on pages 11 to 16 form part of these financial statements.
