1 August 2024

Charity Commission UK

Trustees' annual report

The charity has mainly focused on reconsolidating after the Covid pandemic. A new peer-reviewed journal will be launched later in 2024 to help with the dissemination of scientific research around preventive medicine. The charity has no bank account and there have been no financial transactions to date. We are hoping to open a charity bank account with HSBC in the next weeks.

Yours sincerely,

The Trustees

Dr Michael Sagner

Dr Richard Siow
