The charity also has the general aim of contributing to improving the lives and prospects of disadvantaged young people by providing access to mentoring opportunities and by addressing deprivation and social inequalities.</p>

Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	In order to achieve the objects, the charity has spent the year refining its enrichment provision. Further to last year's activities and in accordance with the TAR submission for 2021, the charity successfully delivered its latest skills development programme, Bridging the Gap, in out of school settings in the East. Roll out of the programme was limited due to the lingering effects of the coronavirus pandemic as partner organisations and stakeholders continue to recover from the disruption caused by the pandemic.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	In shaping our objectives for the year and planning our activities, the trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'Public benefit: running a charity (PB2)'. The charity relies on charitable donations and VCS (voluntary community sector) partnerships to cover its operating costs. Affordability and access to our programme is important to us and is reflected by the fact that the programme has been delivered thus far (and continues to be delivered), at no cost to beneficiaries.

## Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The primary achievement of the charity is continuation of the development and expansion of its enrichment programmes. For programme details please review TAR 2017-21.</p> <p>Continued support for Inspire and Bridging the Gap by state schools and community partners in deprived areas of London is a major milestone achievement despite being temporarily disrupted by Covid-19. Such an achievement is testament to the value the programmes provide inner-city youth and is reflective of the value-add intervention the programmes offer in relation to enhancing young people's learning experiences, as well as developing young people's confidence, self-esteem and skills.</p> <p>Programme evaluation and empirical data suggest the programmes continue (in line with previous implementation) to be a significant success with consistent approval ratings of over 80% in the majority of intervention categories tested / examined.</p>

## Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The Charity's position regarding reserves in unchanged. Reserves are needed to bridge the gap between spending and receiving of income and to cover unplanned programme expenditure – acutely experienced as a result of disruptions caused by Covid-19. Particularly, as the Inspire and Bridging the Gap programmes scale, the charity will require sufficient reserves to ensure increases in spending are met and to maintain organisational resilience. The trustees consider the current ideal level of reserves would be £10,000.00. The charity had no reserves with a positive (£27) on unrestricted funds for the current financial period ending 01 April 2022 (up £1,426 from last year's total of £1,399) – after allowing for resources to be designated for delivering the programmes in East London – details of which are given in the charity's accounts. Taking into account the costs associated with programme roll-out (scaling) and the operational expenditures incurred as a result of an increased operational footprint, as well as disruption caused by Covid-19, the Charity managed to end the year with a marginal operating surplus.
