The charity also has the general aim of contributing to improving the lives and prospects of disadvantaged young people by providing access to mentoring opportunities and by addressing deprivation and social inequalities.</p>

Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	The charity has been significantly impacted by the COVID-19. As a result the charity has been engaged in very minimal operations this year focusing on rebuilding its networks and to reach beneficiaries. Roll out of the charity's enrichment programmes was suspended due to the lingering effects of the coronavirus pandemic as partner organisations and stakeholders continue to recover from the disruption caused by the pandemic.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	In shaping our objectives for the year and planning our activities, the trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'Public benefit: running a charity (PB2)'. The charity relies on charitable donations and VCS (voluntary community sector) partnerships to cover its operating costs. Affordability and access to our programme is important to us and is reflected by the fact that the programme has been delivered thus far (and continues to be delivered), at no cost to beneficiaries.

## Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The Charity's position regarding reserves in unchanged. Reserves are needed to bridge the gap between spending and receiving of income and to cover unplanned programme expenditure – acutely experienced as a result of disruptions caused by Covid-19. Particularly, as the Charity recovers from the disruption caused by Covid-19, the charity will require sufficient reserves to ensure increases in spending are met and to maintain organisational resilience. The trustees consider the current ideal level of reserves would be £10,000.00. The charity had no reserves with a negative (£176) on unrestricted funds for the current financial period ending 01 April 2023 (down £203 from last year's total of £27) – after allowing for resources to be consolidated as operations were wound down for the year – details of which are given in the charity's accounts. Taking into account the costs associated with disruption caused by Covid-19, the Charity managed to end the year with a marginal operating deficit.
