Objectives and Activities

The main objective of the organisation is to build community cohesion and empower children and young people by developing workshops and educational programmes that enable them and their families to challenge discrimination and oppression through creativity and non-violent activities in North London. To provide them with access to a range of learning opportunities to promote their spiritual moral cultural mental and social development through various projects like creative art and writing, poetry and performing arts, sewing, cooking and drama.

We were not active in the year 2023 due to unforeseen circumstances and unavailability of volunteers.

Risk Management

The trustees have a risk management strategy which comprises:

- an annual review of the principal risks and uncertainties that the charity face;
- the establishment of policies, systems and procedures to mitigate those risks identified;
- the implementation of procedures designed to minimise or manage any potential impact on the charity should those risks materialise

This work has identified that financial sustainability is the major financial risk for the charity. A key element in the management of financial risk is a regular review of available liquid funds to settle debts as they fall due.

Trustees' responsibilities in relation to the financial statements

The charity trustees of Acorn 2 Oak are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and regulations.

In preparing the financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.
