Achievements and Performance

Review of Activities

The Mountain of Fire and Miracles Ministries Goshen Assembly has just concluded its fifth-year functioning as a charity, within the period of our presence, the Trustees believed we've had positive impact on our local communities. Though they consider the performance of the Charity as good, we are keen on improving on the activities and the facilities offered to the community for the advancement of Christian religion.

The charity seeks to further enhance public benefit by interacting more with the local community where we operate through charitable giving, outreach programmes, support for community initiatives and other social related programmes.

The Charity moved its operation headquarters to Cardiff, South Wales and continues to open its worship centres for face-to-face church service throughout 2022. Community evangelism and the distribution of faith-based publication within the community was embarked upon to continue to grow its membership.

Equally, a 3-day revival programme called 'LET FIRE FALL' was also held to propagate the Gospel of Jesus Christ within the community. The Pastoral Team also visited the sick at the hospital (University Hospital Llandough, Cardiff), and a community BBQ was held during the summer.

The Charity held seminars on life in the UK for newly arrived members of the BAME to foster community integration and enhance their ability to make a life-changing impact in the community.

'A floating Food Bank' was also set at our place of worship to support its members and support in terms of children. Items were also provided for pregnant women and nursing mothers at our worship centres.

The Charity will explore further ways to continue to make a positive impact within the community in line with its objectives and vision.

Accounting Policies cont'd

Critical accounting estimates and assumptions:

The charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of the assets and liabilities within the next financial year are discussed below:

Critical areas of judgement;

The annual depreciation charge for tangible assets is sensitive to changes in the estimated useful economic lives and residual value of the assets. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and physical condition of the assets.
