## **The African children Empowerment**

Charity number:**1168251**

Trustees:

**Solomon Akaka**

**Micheal Ndukwe**

**Anumba Obinna**

### **2021/2022 Charity Trustees Annual report.**

The African Children Empowerment it's a non governmental/non profit organizations that was established with the sole aim of giving hope and motivation to the homeless/ less privileged African children on the street of Nigeria/ Ghana and other African countries that we can easily visit to support the kids on the street.

**Our visit:** The African children Empowerment has designed her visit to African two times yearly as a means to show the organisation's commitment to the homeless African children during the Annual year. The organisation has visited the street of Nigeria and shared a lot of gift items donated by friends/work colleagues and families who are willing to support the organisation with gifts.

The organisation has showed commitment by traveling to abroad to show love and to motivate the kids who has no one to teach and share the right messages to them and they always appreciate our yearly visit.

**The organisational support:** the Organisation has no monetary support from any other bodies both in the UK and outside the United Kingdom. The organisation has stated that the African children Empowerment has not considering asking for monetary donations from the public or companies and this is because the organisation only want materials used items like shoes,pen,story books, school bags and clothes. The reason is because the organisation has centered all they may need to support the kids on the street as simple and easy for people to donate the used items with no much stress on our donors.

**Money and sponsorship:** The organisation has no monetary donations or sponsorship from public or government , this is because the organisation only limit every donations to materials used items but not money. The organisation has no means of generating money or to ask for monetary donations.

**Achievements:** The organisation has achieved alot by their visit to African to talk and given hope to the hopeless African kids on the street. This has made it easier for the Organisation to be easily identify by the public who came around to appreciate the charity and recommend them to continue the good work of humanity which is fulfilling.

**Traveling:** The organisation means of traveling is totally done by the founder and other trustee who may want to visit the children. The trustee save up money individually from their various place of working, then secure their tickets for the program. The trustee has individually secure their tickets money and plan ahead of the organisational traveling to Africa to visit the homeless African children.

This is to testify that this 2021/2022 Charity Trustees Annual report is totally done and supported by all the trustees members of the organisational.
