Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

<p>The object of the CIO is the relief of poverty of street children in Nigeria in such charitable ways under the laws of England and Wales as the charity trustees think fit</p>

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The main activities undertaken this year in keeping with our objective of the relief of child poverty of street children in Nigeria include the running of a reception centre, the boys' residential home as well as outreach programs, including the Oworonshoki back to school project. In making decisions about how best to use the funds raised, the trustees paid due regard to the charity commission's public benefit guidance when exercising powers or duties to which the guidance is relevant. This year has been one of the most challenging with high levels of inflation and record levels of unemployment.

- Funds generated have been used to assist with the running of the boys residential centre, providing funds to assist with school fees and every day running costs including staffing costs. There is a continued effort to establish contact with the boys' families and once contact is established to maintain the relationship.
- The drop in centre continues to provide 2 hot meals a day as well as providing basic numeracy and literacy classes.
- The Oworonshoki back to school project continues. We are currently now supporting 100 children, up from 64 at the end of 2021, providing after school classes and activities that are open to other children in the community to attend. This has been made possible through our three year project grant from the International Consortium for Street Children, which is now coming to an end.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The object of the CIO is the relief of poverty of street children in Nigeria in such charitable ways under the laws of England and Wales as the charity trustees think fit
--

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The main activities undertaken this year in keeping with our objective of the relief of child poverty of street children in Nigeria include the running of a reception centre and the boys residential home. In making decisions about how best to use the funds raised, the trustees paid due regard to the charity commission's public benefit guidance when exercising powers or duties to which the guidance is relevant.

1. Thanks to the legacy of Woltera den Tex, we have opened a new permanent drop in centre where children are provided with two hot meals, a place to shower and wash their clothes, counselling and family tracing
2. Funds generated have been used to assist with the running of the boys residential centre, providing funds to assist with school fees and every day running costs including staffing costs. There is a continued effort to establish contact with the boys' families and once contact is established to maintain the relationship.
3. The Oworonshoki back to school project continues. We are currently supporting 64 children, providing after school classes and activities that are open to other children in the community to attend.

In making decisions about how best to use the funds raised, the trustees paid due regard to the charity commission's public benefit guidance when exercising powers or duties to which the guidance is relevant.

1. Running of the CLL reception centre in Gbagada, Nigeria - funds generated by CLL, UK were used to assist in the running of the drop in centre in Nigeria where street children are provided with a hot meal, health support and first aid, counselling and family tracing services. When we are unable to reunite the child with family members, the more vulnerable boys, based on an assessment of need, are referred to the CLL residential home in Ibeshe, while the more vulnerable girls are referred to an appropriate organisation within the Child Protection Network that is able to provide residential care for girls.
2. Funds generated have been used to assist with the running of the boys residential centre, providing funds to assist with school fees and every day running costs including staffing costs. There is a continued effort to establish contact with the boys' families and once contact is established to maintain the relationship.
3. The Oworonshoki back to school project was launched this year which aims to place 100 out of school children back into school over a 3 year period

Summary of the main achievements of the charity during the year

A total of £41902 was raised this year by CLL, UK.

Kinderposteingels donated £40810.74 as part of the legacy from Woltera Den Tex.

£64 was raised from donations generated on AmazonSmile, £600 from regular direct debit donations, £127 from donations made directly through the CLL website and the remaining £300 from individual donations (direct bank transfers and cheques).

2020 was a difficult year for everybody. CLL nevertheless was able to accomplish important milestones: we have virtually completed construction of our new vocational training centre at Ibeshe, Ikorodu and, with sponsorship from the Consortium for Street Children/Red Nose Day USA, we embarked upon the first phase of our back-to-school project in Oworonshoki which targets getting 100 out-of-school children into school over a 3 year period. Forty children have been identified so far.

We provided feeding support for vulnerable children during the lockdown in Lagos and, thanks to generous donors who responded to our appeal, we were able to arrange surgery to save the sight of a young girl from an indigent family. We re-housed two children and their disabled father who had been sleeping in an abandoned vehicle and are placing the children in school. Those children we are already supporting in school are all doing well, and in October 2020 we had 6 young people being supported in higher education – university or polytechnic.
