

Hazie Days Annual Report and Accounts

10/7/2020 until 09/7/2021

Our Objectives remain true to our constitution of 2014, which are:

- Providing activities that are inclusive to all taking into account the individual needs of children
- Provide supportive environments for parents and extended families to seek advice from Hazie Days staff, other parents and signposting to other organisations
- Creating awareness for various conditions
- Use arts, crafts, games and fun to raise self confidence and self esteem
- Support children through hospital visits and treatment
- Reduce isolation for children and young people with special educational needs and long term health issues, their siblings and families.

During this financial year the charity was unable to provide face to face services and relied on delivery of care packs to homes to continue our work due to the Covid 19 global pandemic. Due to the closure of the charity in 2019-2020 we were able to use some financial surplus to fund Care Packs.

As the charity has no paid staff or overheads there was no detrimental impact of this closure on the financial stability of the charity.

Our aims for the 2021-2022 financial year includes being able to safely reopen face to face services in line with Government guidelines .

Account Summary 2020-2021

Income

Donations	120.05
event donations	0
