Objectives and Activities

	SORP referenc e	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The objects of the CIO are for the benefit of the inhabitants of Huddersfield, to provide or assist in the provision of facilities for recreation and other leisure time occupation in the interests of social welfare with the object of improving their conditions of life for the inhabitants of the area of benefit in particular but not exclusively by the preservation, promotion, support, assistance and improvement of Bradley Park.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The CIOs main activities during the reporting period have been the improvement of Bradley Park through the operation of the Bradley Park Community Centre and associated substantial recreational space (circa 17 acre site).</p> <p>Since May 2019 the CIO has been able to offer the new community centre for rent. Two community groups have taken regular weekly core booking and a number of private celebration functions have been held. The centre has operated essentially as a "village hall" with its various facilities for rent.</p> <p>Throughout the reporting period a local gardener has rented a storage container on Bradley Park to support his business and a local individual leased the 'depot' (former storage space) and is now delivering personal fitness sessions and training to local people (Covid lockdowns permitting).</p> <p>Since the end of March 2020, the building and most recreational facilities have been closed during this reporting period having a devastating impact on income. However, securing Business Rate grants has ensured we remain viable.</p>
Statement confirming	Para	In making decisions the Trustees of the CIO have

whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	1.18	had due regard to the commission's public benefit guidance when exercising any powers or duties to which the guidance is relevant. Trustees have been issued with copies of the guidelines.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Maintaining a long lease of Bradley Park has enabled the CIO to provide facilities for recreation and other leisure time occupation to the local community. The lease also preserves the park for future generations and gives much greater freedom to undertake improvement works and stage community events. The CIO has at its disposal approximately 17 acres of recreation ground, a small children's playground, Skate park, 3 full size sports pitches, 1, 5-a side football pitch, secure maintenance yard, large storage facilities, a grounds maintenance depot facility with power, storage and water.</p> <p>The opening of Bradley Park community centre greatly assists in the provision of facilities for recreation and other leisure time occupation in the interests of social welfare as the CIO provides indoor year-round facilities as well as the outdoor provision. The relatively new community centre brings a large community hall and kitchen, an indoor meeting room plus changing facilities and toilets.</p> <p>Since opening the community organisations regularly use the building and site. The building is also the home for Bradley TRA and has capacity to host many more similar community groups in the future.</p> <p>Rental of facilities to local residents for social and leisure together with providing facilities for new and existing community groups is vital for the financial viability of the CIO. The rental of a</p>

		<p>storage container to a local gardener has supported his business and the letting of the 'depot' to a local resident to deliver personal fitness sessions and support brings individual and wider community benefits.</p> <p>The extensive external parkland and play facilities have been extremely well used particularly during covid lockdowns as a place for local residents for safe exercise and recreation.</p>
