Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the CIO are:

1. The promotion of the art of choral music for the public benefit through its study and practice and by public performance.
2. Such charitable purposes for the public benefit as are exclusively charitable according to the laws of England and Wales as the Trustees may from time to time determine.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The trustees having had regard to the guidance issued by the Charity Commission on public benefit, the main activities undertaken were:

1. Holding a whole day rehearsal workshop in January 2022 on four choral works: Handel's 'Zadok the Priest', Mozart's 'Ave Verum Corpus', Mozart's Coronation Mass and Schubert's Mass in G. This was led by an eminent and inspirational conductor (Robert Dean, Professor of Voice at The Guildhall School of Music and former Principal Conductor of the Scottish National Opera). The workshop was attended by 55 singers and was considered a great success by all concerned.
2. Holding a further whole day rehearsal workshop in February 2022 with Robert Dean, followed by a public performance of four choral works: Handel's 'Zadok the Priest', Mozart's 'Ave Verum Corpus', Mozart's Coronation Mass and Schubert's Mass in G in Oxford Town Hall, featuring (in addition to the Oxford Orpheus choir) young professional soloists who are at the early stage of their careers. The concert involved 86 choral singers and a full orchestra. There was a retiring collection in aid of Help Musicians. Oxford Orpheus were unable on this occasion to make a grant as a loss was incurred due to much lower numbers taking part in both sessions due to ongoing covid issues.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Charitable Donations Policy

1. Trustees must agree, at their first meeting after the annual concert, the amount to be released to the Trust's chosen charity taking into account the appropriate level of reserves.
2. The charitable donation amount agreed will always include the concert day collection; as well as any donations received by the Trust which are clearly intended to be passed to the chosen charity.
3. To the extent that it can be achieved within the agreed financial reserves, revenue from the sale of concert tickets (except for those sold at a discount to members) should also be included within the charitable donation.
4. Revenue from membership fees will normally be required to meet the Trust's operating costs.

Both days activities were facilitated by a group of volunteers performing many 'back of house' supporting activities, including provision of refreshments, audience ticket sales for the concert and promoting the work of both the Outreach Programme and Beating Time.

Summary of the main achievements of the charity during the year

The charity's two main achievements were as follows:

1. The staging of a highly successful concert performance of Handel's 'Zadok the Priest', Mozart's 'Ave Verum Corpus', Mozart's Coronation Mass and Schubert's Mass in G to a sizeable audience of approximately 200 people, bringing musical education to approximately 100 performers over the two workshops.
2. We were unable to cover all our costs incurred in staging the workshops and the concert performance due to reduced numbers of participants because of the pandemic, so we were unable to make any charitable donations this year.

Section E

Financial review

Brief statement of the charity's policy on reserves

Reserves policy

1. The purpose of the reserves policy is to ensure the financial sustainability of Oxford Orpheus Trust.
2. Assessing the appropriate level of reserves requires review of:
 - forecasts for future levels of income, taking into account the reliability of each source of income;
 - forecasts for future levels of expenditure on the basis of planned activity, including any needed investment projects;
 - analysis of any identifiable risks and their potential impacts and consequences.
3. The treasurer is responsible for providing supporting calculations to help trustees to agree the relevant level of reserves, which – at a minimum – should be set at 5% of annual operating expenditure plus any planned investment project costs.

Details of any funds materially in deficit

N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The main sources of funding are membership fees (including Gift Aid where appropriate) and ticket sales for the concert performance.

The main areas of expenditure are musician costs (Musical Director, Accompanist and Soloists) and venue hire. These are both necessary to achieve the key objectives of: the promotion of the art of choral music through its study and practice and by public performance and; supporting charitable purposes for the public benefit.
