## THE MACDAIBHIDH CHARITABLE TRUST

### ANNUAL REPORT OF THE TRUSTEES

For the year ended 30 September 2023

The trustees present their report along with the financial statements for the year ended 30 September 2023.

#### Objectives and activities

The deed of trust provides for wide-reaching charitable objects, affording the trustees the power and flexibility to apply the income and capital of the trust fund, by awarding grants, for the benefit of charitable objects and purposes, in any part of the world. Grants are awarded to charitable organisations in accordance with the principles set out below.

Notwithstanding the wide reaching charitable objects, the trust's primary focus is on:-

- The advancement of religion;
- The prevention or relief of poverty;
- The advancement of health or the saving of lives; and
- The advancement of education.

With a secondary focus on:-

- The advancement of environmental protection or improvement;
- The advancement of human rights, conflict resolution or reconciliation or the promotion of religious or racial harmony or equality and diversity; and
- The relief of those in need, by reason of youth, age, ill-health, disability, financial hardship or other disadvantage.

The trust's main activity is the provision of financial support or grants to registered charities which further the trust's wide reaching charitable objective for the benefit of the general public throughout the United Kingdom, and also internationally where the trust is active in supporting charities.

The trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the trust's aims and objectives and in planning future activities. The trustees have also established a policy of grant-making with a view to best furthering the trust's purposes, and will actively invite applications from potential recipients of grants or donations whose purposes align with the charity's objectives.

The charity does not seek unsolicited applications for funding or grants, but the trustees will consider every six months any unsolicited applications which may be received. The trustees will use their own knowledge of the applicants in question, in addition to considering each application itself on its own merits, as to whether the funding or grant sought will further and advance the trust's charitable purposes and in turn provide public benefit.

If necessary the trustees will seek additional information from an applicant, such as details of specific project funding or annual accounts and financial statements. The trustees do not envisage utilising a prescribed application form as unsolicited applications are not sought.

When considering which potential recipients to support, the charitable purpose being advanced will preferably be one of the primary charitable objectives, and, if not, it will be one of the secondary charitable objectives.

The trustees have adopted a grant making policy with the key strategy for the trust to apply available resources (irrespective of its income or capital source) from investments held by the trust to the potential recipients who will further the trust's purposes and in doing so provide benefit to communities throughout the United Kingdom and, importantly for the trust, further afield. The grant making policy also sets out the priorities for support, the principles for grant assessment and the expected monitoring and reporting obligations of successful applicants.

## THE MACDAIBHIDH CHARITABLE TRUST

### ANNUAL REPORT OF THE TRUSTEES

For the year ended 30 September 2023

#### Objectives and activities (continued)

The trustees will seek appropriate updates from the grant or donation recipients about how their activities have progressed after having received financial support from the charity. As part of the continuing review of the impact of grants, the trustees will require evidence of how the funds have been applied in furtherance of the trust's purposes, including details of how the funds have been spent by the recipients.

#### Achievements, performance and future plans

The trust's main activity is the provision of grant funding. The trustees are pleased to report that during the year donations totalling £472,217.65 (2022: £438,010.79) were agreed.

Of the distributions of £472,217.65 (2022: £438,010.79) (as detailed in note 5 to the financial statements), the trustees agreed to disburse £438,067.65 (2022: £403,010.79) in furtherance of the trust's primary charitable objectives and £34,150.00 (2022: £35,000.00) in furtherance of the trust's secondary charitable objectives. The trustees consider that they achieved the grant giving strategy envisaged for the year.

Future plans remain similar going forward.

#### Financial review

As at 30 September 2023 the trust held investments at a market value of £5,280,377.49 plus investment cash of £73,089.22 shown within cash at bank (note 7), totalling £5,353,466.71 (2022: £5,269,098.03 plus investment cash of £81,490.74 totalling £5,350,588.77). Details of investment values subsequent to the year-end are disclosed in note 14 to the accounts.

#### Key management personnel

The trustees comprise the key management personnel of the entity. No trustees received any remuneration during the year.

#### Risk management

The trustees have assessed the risks to which the trust is exposed, in particular those related to the operations and finances of the trust and are satisfied that systems are in place to mitigate exposure to major risks. The trustees consider variability of investment returns as one of the major risks, and therefore the trust uses the services of VWM Wealth as investment advisers. The trustees have adopted an investment policy under which the financial objective of the trust is to at least maintain the real value of the charity's assets while generating a stable and sustainable return to fund annual grant making. During the year the trustees also carried out a review of the trust's risk register.

#### Reserves policy

It is the policy of the trust to maintain unrestricted reserves at a level sufficient to cover donations and general running costs. As at 30 September 2023 the trust had unrestricted reserves of £5,418,131.53 (2022: £5,378,932.94).

#### Investment policy and objectives

The charity seeks to produce the best financial return within an acceptable level of risk and an ethical investment policy (designed to support and further the charity's charitable objects), and has adopted an investment objective to generate a return of inflation plus 4% per annum over the long term, after expenses. The measure of inflation most relevant to the charity's expenditure is the UK consumer prices index. This investment objective should allow the charity to at least maintain the real value of the assets, whilst funding the trustees' desired level of annual expenditure. The charity adopts a total return approach to investment, generating the desired investment return from income and capital gains. The trustees

## THE MACDAIBHIDH CHARITABLE TRUST

### ANNUAL REPORT OF THE TRUSTEES

For the year ended 30 September 2023

#### Investment policy and objectives (cont'd)

expect that, even if in any one year the total return is insufficient to meet the budgeted grant making expenditure, the real value of the charity's assets in the long term will be maintained in accordance with this investment objective. In setting the charity's investment objectives the trustees and the charity's appointed investment manager, VWM Wealth, have had regard to the guidance for approved charitable investments published by Her Majesty's Revenue and Customs and to the guidance on investment policy published by the Charity Commission.

The trustees have determined that the charity's assets should be invested in line with its aims to support and further the charity's charitable objects. The investment mandate agreed with the charity's investment manager, VWM Wealth, therefore currently reflects an investment split of 40% into the VWM Ethical Adventurous Portfolio and 60% into the VWM Ethical Balanced Portfolio. The trustees consider that it is appropriate to adopt an ethical investment policy to support the charity's charitable objects without diminishing the financial return that can generated to meet the charity's investment objective. The trustees are satisfied with the investment performance during the year.

The trustees seek to produce the best financial return (irrespective of its income or capital source) within an acceptable level of risk and an ethical investment policy to distribute grants of between £300,000 and £500,000 per annum in furtherance of the trust's charitable purposes. In doing so the trustees will, at least, maintain the real value of the assets while generating a stable and sustainable return to fund the trust's grant making.

#### Structure, governance and management

The trust was established by deed of trust by John Davidson dated 11 July 2016. The trust was awarded charitable status by the Charity Commission on 7 September 2016, and it is also registered for tax relief with HM Revenue & Customs.

The deed of trust sets out that new trustees may be appointed by John Davidson, during his lifetime, and thereafter by the existing trustees at any time (either by way of replacement or addition). The total number of trustees shall at no time exceed five. There has been no need to recruit new trustees during this year. Should a trustee vacancy arise or the trustees identify the need for additional trustees, the trustees will assess the relevant skills required by the trust at that time ensuring that the new trustee(s) have the requisite experience, empathy and knowledge of the charity. New trustees may be sought through the trustees' own due diligence exercise or otherwise.

#### Reference and administrative details

Details about the trustees, registered office, solicitors, secretary, treasurers, bankers, investment advisors and auditor are set out on page 2 of these financial statements.

#### Statement of the Trustees' Responsibilities

The trustees are responsible for preparing the trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the trust and of the incoming resources and application of resources of the trust for that year. In preparing these financial statements the trustees are required to:

## THE MACDAIBHIDH CHARITABLE TRUST

### ANNUAL REPORT OF THE TRUSTEES

For the year ended 30 September 2023

#### Statement of the Trustees' Responsibilities (cont'd)

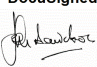

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the FRS 102 Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the trust will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the trust's transactions and disclose with reasonable accuracy at any time the financial position of the trust and to enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008, and the provisions of the trust's trust deed. They are also responsible for safeguarding the assets of the trust and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- There is no relevant audit information of which the charitable trust's auditor is unaware; and
- The trustees have taken all steps they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Approved by the trustees and signed on their behalf on 06 February 2024 | 4:50 PM GMT

## **THE MACDAIBHIDH CHARITABLE TRUST INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES**

**For the year ended 30 September 2023**

### **Opinion**

We have audited the financial statements of The MacDaibhidh Charitable Trust for the year ended 30 September 2023 which comprise Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 September 2023 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

### **Other information**

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

## THE MACDAIBHIDH CHARITABLE TRUST INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES

**For the year ended 30 September 2023**

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of trustees**

As explained more fully in the Trustees' Responsibilities Statement set out on pages 5 and 6, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

### **Audit response to risks identified:**

We consider the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breach of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

**THE MACDAIBHIDH CHARITABLE TRUST  
INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES**

**For the year ended 30 September 2023**

**Audit response to risks identified (cont'd):**

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at : [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of our report**

This report is made solely to the charity's trustees, as a body, in accordance with part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work. for this report, or for the opinions we have formed.

## THE MACDAIBHIDH CHARITABLE TRUST

### NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2023

#### 1 General information

These financial statements are presented in pounds sterling (GBP) as that is the currency in which the trust's transactions are denominated.

The objective of the trust is to apply the income and capital of the trust fund for the benefit of charitable objectives and purposes, in any part of the world.

The MacDaibhidh Charitable Trust is an unincorporated charity in the United Kingdom and is registered in England and Wales. The address of the trust's registered office is noted on page 2. It is recognised as a charity for tax purposes by HM Revenue and Customs and is registered with the Charity Commission for England and Wales under charity number 1169069.

#### 2 Statement of compliance

The financial statements are prepared in accordance with United Kingdom Accounting Standards including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS102), the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" and the Charities Act 2011.

#### 3 Principal accounting policies

The principal accounting policies adopted, judgements and key sources of estimated uncertainty applied in the preparation of these financial statements are noted below.

##### *Basis of Accounting*

The financial statements have been prepared under the historical cost convention, with the exception that investments are included at market value in accordance with applicable Accounting Standards in the United Kingdom. The trust was established on 11 July 2016.

The trust meets the definition of a public benefit entity as defined by FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

##### *Going Concern*

The trustees consider that there are no material uncertainties about the trust's ability to continue as a going concern. With respect to the next two reporting periods, 2023-24 and 2024-25, the most significant areas of uncertainty that affect the carrying value of assets held by the trust are the level of investment return and the performance of investment markets (see the investment policy and performance risk management sections of the trustees' annual report for more information). Currently the charity has a healthy financial reserves position.

##### *Income recognition*

Donations are included in full in the Statement of Financial Activities when the trust becomes entitled to the funds, it is probable that the income will be received, and the amount can be measured reliably.

Income from investments and deposits is credited to the Statement of Financial Activities in the period in which it is receivable.

##### *Expenditure recognition*

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis.

Cost of raising funds consists of investment management and custodian costs.

Charitable expenditure comprises those costs incurred by the trust in the delivery of its activities. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature, necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the trust.

## THE MACDAIBHIDH CHARITABLE TRUST

### NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 September 2023

#### *Funds*

Unrestricted funds are funds which the trustees are free to use for any purpose in furtherance of the charitable purposes.

#### *Investments*

Investments are quoted on UK Stock Exchanges and stated at market value. Investments are reviewed at least yearly by investment advisors and changes in the portfolio are made on their recommendation. Gains and losses are recognised in the period in which they arise.

#### *Financial Instruments*

The trust only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at the present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in the case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets are derecognised when contractual rights to the cash flows from the assets expire, or when the trust has transferred substantially all the risks and rewards of ownership.

Financial liabilities are derecognised only once the liability has been extinguished through discharge, cancellation or expiry.

#### *Cash and cash equivalents*

Cash held includes cash and short term highly liquid deposits with a short maturity of twelve months or less from the date of opening of the deposit or similar account.

#### *Creditors*

Short term creditors are measured at transaction price.

#### *VAT*

The trust is not registered for VAT and accordingly expenditure includes VAT where appropriate.

#### *Taxation*

The trust is a charity and is recognised as such by H M Revenue & Customs for taxation purposes. As a result, there is no liability to taxation on any of its income.

## **4 Employee benefits**
