Administrative Information

Membership Growth

A family has decided to join us, and this is the result of our significant engagement in both virtual and in-person worship services and outreach.

Ministry Impact Reports

Children's Fellowship & Youth Fellowship

Our Young Hearts were encouraged to join a WhatsApp group to assist in them communicating and to be able to encourage each other with the Bible verses. They also prayed together and shared their experiences on facing COVID19. They also prayed for their

friends and families that were facing difficulties and those that were affected by COVID19.

Outreach Ministry

Due to COVID19 restrictions, our commitment to serving the wider community has been demonstrated through the befriending schemes for the isolated, and practical support for families in need. Over 200 food parcels were distributed, and 40 families received targeted support, including help with utilities, clothing, and school supplies in the FIJI Islands. These initiatives have strengthened our relationships with local agencies and enhanced our reputation as a church that cares for its neighbors.

Women's Ministry

We started our communications through the WhatsApp to empower each other by sharing of God's Word and praying for each other also in testifying God's goodness despite experiencing restrictions due to COVID19 spread.

Events Highlights

Virtual Weekly Outreach on Social Media Platforms

Broadcasted Live on the Ministry Facebook Page sharing the Word of God and praying for those who reached out and required assistance in praying for their situation, circumstances and their loved ones who were admitted in the Hospitals.
