

## DUFTON COMMUNITY FIRST RESPONDERS ANNUAL REPORT AND ACCOUNTS 2022/2023

During the year our volunteers responded to fewer calls for emergency assistance than usual, largely because of lockdown, but still managed to alleviate problems and were able to maintain a crucial life sustainability until an ambulance arrived. We didn't have a necessity to raise further funds and our expenditure was to install an additional defibrillator at a farm part way up the fellside. Our village now has several.
