- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

--

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To provide a Centre for all members of society including such persons who are in necessitous circumstances together with the dependents of such persons and in furtherance of these objects, but not otherwise, the Centre shall have the power to:-

(a) to provide catering facilities; support and guidance to those most vulnerable in society; community interaction; physical and mental recreation and provide a venue for other able and disabled voluntary organisations to meet.

- (b) to raise funds by way of donations, grants and other lawful methods and accept and receive gifts of property of any description (whether subject to any special trusts or not).
- (c) to promote and maintain relationships with all persons and organisations interested in the furtherance of The Centre.
- (d) To do all things deemed to be charitable in furtherance of the above objects.

The trustees have had regard to the guidance issued by the Charity Commission on public benefit and have overseen the following activities:

- 1) Cellar Café – This provided appropriate people with free food and drink & an opportunity to socialise in an area devoid of addiction related temptations. This function operated in an area used as a public café which as well as providing a safe area for lonely people to meet was a source of income provided by the paying general public. The Covid-19 pandemic restrictions meant this activity was suspended for the whole year.
- 2) Christmas Day Dinner – As a result of the Covid-19 pandemic and its associated restrictions our traditional Christmas Day dinner could not be offered in its usual format. However, a take-away version was prepared and collected or delivered to some 64 families on 25th December.
- 3) Provided the facilities for the use of local groups supporting and helping people with physical challenges or mental health issues. These activities too were suspended for the whole year due to Covid-19 restrictions.
- 4) Offered space for the local bereavement counselling services to use when needing a neutral confidential environment in which to operate. The pandemic restrictions in place during the year meant, in practice, little use was able to be made of this facility.
- 5) Fresh Start project designed to assist people in crisis situations by providing everyday essential living items such as bedding and crockery and cleaning items in response to referral to the project by recognised agencies in social welfare. This project, too, was severely impacted by the pandemic restrictions. Although not completely suspended, only a very limited emergency service was possible for the year.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

- 1) Cellar Café – Continued Covid pandemic restrictions resulted in a suspension of the services and facilities outlined in Section C above.
- 2) Christmas Day Dinner provided a take-away version of the traditional festive meal for 64 families.
- 3) A local mental health support group used the facilities weekly whilst the local sight impaired group used the Centre once a month until the pandemic restrictions and periodic risk assessments resulted in a suspension of the services and facilities
- 4) Local bereavement counselling services had the use of the Centre and its facilities one day a week.
- 5) Fresh Start project as outlined in Section C above issued 28 vouchers and subsequently the requested items. This number which was much lower than pre-pandemic due to the continuing restrictions imposed by the Covid-19 pandemic.
- 6) Despite the curtailment of many activities by the Covid-19 pandemic and its associated restrictions, the Centre distributed a total of £7000 from raised funds to (14) local, national and UK based international projects/organisations.

Section E

Financial review

Brief statement of the charity's policy on reserves

The provide Centre for aims to hold a reserve of £10K against equipment failure and to provide an immediate response to any arising emergency

Details of any funds materially in deficit

No funds in deficit.
