## Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the CIO are to establish and run a village hall and to promote for the benefit of the inhabitants of Kelmscott and the surrounding area ('Area of Benefit') without distinction of sex, sexual orientation, age, disability, nationality, race or political, religious or other opinions the provision of facilities for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age, infirmity or disablement, financial hardship or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving the conditions of life of the said inhabitants.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The trustees have had regard to the guidance issued by the charity commission on public benefit.

The charity provides a building and facilities for the many individuals and organisations who use it. It is the hub of the village and the only community facility freely available for all to use.

In addition to the benefits of learning through lectures, encouragement of local craft through a weekly craft fair and social interaction and leisure involving the whole village through social events, the trustees aim to further strengthen community spirit and encourage more people to take part in village hall activities by an ongoing programme of community activities.

The trustees consider that the activities and achievements in the area of interest that the charity supports demonstrate the benefits to its beneficiaries and through them to the public.
