**Objectives and Activities**

Summary of the purposes of the charity as set out in its governing document	To advance the education of the public in deprived countries around the world that have very little or no facilities by sending redundant and surplus furniture, educational, it and other equipment to educational and training establishments and projects to benefit any local community which is in need in furtherance of these objects but not otherwise to ensure in so far as it is reasonably practicable that no items shall be sent to or via private or profit making organisations.
Summary of the main activities in relation to those purposes for the public benefit	FEW send containers to countries in Asia or Africa full of surplus educational school furniture giving some of the most desperate children in the world a better chance of an education.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	The trustees have had regard to the guidance on public benefit.
Contribution made by volunteers	FEW have many volunteers who help with loading the containers we send, collecting and organising the furniture in the warehouse, travelling to the countries we donate equipment to and raising funds for our work.
Achievements and Performance	<p>The charity's operations, like everyone else suffered enormous restrictions to its operations due to the Covid Pandemic. As a consequence, only 4 containers were loaded and shipped. Two of the containers were in partnership with a Ghana based charity who paid all shipping costs. FEW Charity only funded the collection and loading costs. These containers were loaded on the sites of the donating schools at Batley and Boston Spa.</p> <p>The other two containers were funded substantially by FEW with contributions from Unison, West Yorkshire and Humberside Division.</p> <p>The Charity also experienced restricted storage capabilities, which meant collections were both more targeted and reduced. In this period there were only 16 collection days.</p> <p>In September we made funding available to refurbish a classroom at Bijilo Nursery and in October set up an appeal to construct a staff room at Bijilo Nursery to serve as a memorial to a close friend of the charity. Work on the latter started in January and was completed in 4 weeks.</p> <p>Brock Homes of Blackpool agreed to fund a solar powered borehole in the village of Kansambou in The Gambia, which was completed by the 19/01/2022.</p> <p>At the end of January 2022 funds were raised to construct a new roof to a family home in The Gambia, which was completed by the 06/03/2022.</p> <p>On the 07/04 2022 funding to purchase new wire fencing to Bijilo Nursery playground was agreed by trustees.</p>
