## Section C Objectives and activities

**Summary of the objects of the charity set out in its governing document**

To advance education in Bitou, South Africa amongst school-going children and young adults who are financially disadvantaged in particular but not exclusively by supporting Born in Africa, Plettenberg Bay (SAN PO number – 060-686 – NPO, hereinafter BiA) by such means which are exclusively charitable in accordance with the laws of England and Wales

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

During the course of the reporting period UKBiA raised funding in the UK to support a number of activities to be undertaken in South Africa by the sister charitable organisation, Born in Africa. There were five transfers during the reporting period as the South Africa pandemic situation eased and pandemic-linked activities reduced - a transfer of £2692 in March 2022, £698 and £1311 in July, £1460 and £330 in December, to pay for two specific activities aligned with UKBiA objectives:

1. Godparenting support for thirteen children sponsored under the BiA programme to provide schooling-associated costs, including fees, extra-curricular support and development, and uniform support. This totalled £4514 of income during the reporting period.
2. Funding the purchase of equipment needed by students on the programme to support remote learning and homework.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

As the sixth year of operation it was the objective of the Trustees to continue to increase awareness of the charity, attract in further godparents, and raise sufficient funds to ensure the sustainability of the charity. Given the significant continuing challenges to the charity sector caused by recovery from Covid and the increasing cost of living pressures, in particular linked to funding, we are delighted to report that we successfully raised more than £6800. This is slightly higher than 2021, partly contributed to by recruiting a new godparent, as well as retaining all of our existing godparent donors. As a consequence of continuing uncertainties around Covid impacts, we have not held any specific fund-raising events during the year. Subject to sufficient support being signalled, we plan to do so during 2023.

Based on the experiences of this year of activity the Trustees are confident that the experiences learned will lead to a successful seventh year of operations.

## Section E

## Financial review

### Brief statement of the charity's policy on reserves

The Trustees have agreed to manage the cash in bank so that a minimum of £50 be maintained at all times, and that the frequency of transfers to South Africa will be determined by the phasing of receipts of income and trying to minimise bank charges for fund transfers. There has been a decrease in the number of transfers in 2022 compared to Covid pandemic levels in 2021 as a consequence of a return to more normal financial needs of BiA in South Africa.

### Details of any funds materially in deficit

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
