## Trustees' Annual Report for the period

**From** October 31, 2024, **Period start date** **To** August 14, 2025, **Period end date**

**Charity name:** Ripple Heights Development Initiative

**Charity registration number:** 1169744

### Objectives and Activities

Ripple Heights was established with the primary aim of combating extreme poverty in Africa. Our mission is to promote community development, provide access to basic amenities, and improve the quality of life among Africa's most deprived and disadvantaged communities, using our tripartite initiatives viz: Go-Agro, Water Is Life and Slum to League Initiative. The Go-Agro is designed to promote sustainable agriculture among youths and smallholder farmers. Through the Water Is Life Initiative, potable water is provided for communities that lack access to clean water, while the Slum to League is designed to equip and promote young talents to stardom through sports. We equip the impoverished with the right tools and resources to escape the menace of poverty, hence we deliver long-term development programs by addressing the root causes of the problems. Ripple Heights through the Water is Life Initiatives has created access to clean water in communities where health and well-being is dependent on urgent provision of access to clean water resulting to improved livelihoods and positioning them for social and economic sustenance.

Achievements against objectives set	Para 1.41	<p><b>organizational development, aiming to strengthen the media unit for better program coverage and increased visibility. Community development projects, especially those related to water and agriculture, were prioritized. Notably, the "Water is Life" project for Afor-Ukwu community marked a significant achievement after a mission that started in 2019, delivering clean water facilities for the impoverished. The partnership with the Global Landscape Forum (GLF) initiated in year 2021 led to the establishment of the GLF Ibadan chapter, enhancing environmental restoration efforts. Involving youngsters in projects yielded positive results and ambassadors of humanitarian work emerged. The organization's response to climate change's impact on food security involved promoting climate-smart agriculture among smallholder farmers. Participation in the AU-UNICEF youth innovation challenge resulted in a top ten placement through our slum to league initiative using participatory sports to rejuvenate young people.
