

TRUSTEES ANNUAL REPORT

21st October 20-20th October 2021

OBJECTIVES

To assist in the treatment and care of children suffering from Cancer or in need of rehabilitation as a result of such illnesses by provision of facilities or recreation.

To promote and protect the physical and mental health of sufferers of Cancer affecting children through the provision of financial assistance, support, education and practical advice.

To advance the education of the general public in all areas relating to Neuroblastoma and other forms of cancer affecting children.

To relieve sickness and to preserve the health and wellbeing of patients and children's hospice and oncology wards in England and Wales and their families and carers, by providing or assisting in the provision of equipment, facilities and services not normally provided by the statutory authorities and ancillary to those provided by doctors and medical staff.

PERFORMANCE

We have raised awareness of childhood cancer via social media (Facebook) sharing the diagnosis, treatment path and cancer types, seeking permission from the parents first, by advancing the education of the general public in areas relating to neuroblastoma and other forms of cancer affecting children.

We supply beanbags to oncology children to help alleviate pain and suffering caused by cancer and its treatments. We work closely with a local supplier of Beanbags – RU Comfy.

Practical advice has been given to those families who have asked for our advice; relating to treatment, clinical trials, other childhood cancer charities where to find extra support.

Provided children with iPads, to help with school work during their time in hospital undergoing treatment.

Made it possible for families with a child who is undergoing cancer treatment, for a weekend break so that they could spend quality time together and have 'time out' from treatment.
