Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The advancement and education of children from vulnerable and impoverished backgrounds through a) the provision of sponsorship for school fees b) providing the necessary school supplies and resources, c) guidance and support for the children during the primary and secondary school education. Considerations will be made on a case by case basis regarding whether support will continue into higher education.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

A decent standard of education provided for children within Kibera whose parents/guardians would have otherwise struggled to provide the necessary funds for the children to complete their primary and secondary school education. The organisation aims to provide the children under its sponsorship with the opportunity to shape their own future by obtaining an education which is very much required in Kenya if they are to exit the 'poverty trap' which those within Kibera generally experience.

The direct beneficiaries of this organisation are the children within primary and secondary school whose education is paid for. The indirect beneficiaries are their families who can focus on providing food and shelter for the children with the knowledge that their education has been funded. Additionally, Kickstart Kibera hopes that other children within Kibera will feel motivated and inspired by seeing their peers who are from similar backgrounds to them, with the opportunity to advance their education.

Additional details of objectives and activities (Optional information)

We are not a grantmaking organisation nor do we invest.

The trustees have all helped to run Kickstart Kibera on a volunteer basis. We have also had two further volunteers that have helped with our logo, website and social media to try to bring awareness to the work of Kickstart Kibera.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main
achievements of the charity
during the year**

We have paid fees for 6 children – 5 in secondary school and 1 in primary school.

Of the 5 children in secondary school, 1 finished secondary school at the end of 2021 and the remaining 4 children in secondary school are due to complete their second year (form 2) of secondary school in 2022. COVID-19 has had a lesser impact on the children's schooling in 2021 versus 2020, though in 2020, government schools across the country have accelerated the school timetable in order to catch up on time lost during the lockdown period in 2020.

The 1 primary school pupil is due to finish primary school in 2023.

Attendance has been strong for the kids that we sponsor and they have been supported with the resources needed to catch up on lost learning during the pandemic.

Section E Financial review

Brief statement of the charity's policy on reserves

No policy in place at present since we are a small charity with low levels of incoming and outgoing funds. However, we ensure that we never run into a deficit and that our future plans enable us to continue doing so.

Details of any funds materially in deficit

As above

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Principal sources of funding

Personal donations
Regular donations
Other one-off donations from fundraisers

Expenditure supporting key objectives

Donations have gone to ensuring the children's fees, lunches, transportation, tuition, boarding costs and key school supplies are paid. Personal donations from the trustees have been used in prior years to ensure effective monitoring of the key objectives via monitoring trips (i.e. ensuring the children are at school and learning) can take place. However, with COVID-19 restrictions, no such trips have taken place in 2021. A monitoring trip is expected to take place in 2022.

Investment policy
