## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

The advancement and education of children from vulnerable and impoverished backgrounds through a) the provision of sponsorship for school fees b) providing the necessary school supplies and resources, c) guidance and support for the children during the primary and secondary school education. Considerations will be made on a case by case basis regarding whether support will continue into higher education.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

A decent standard of education provided for children within Kibera whose parents/guardians would have otherwise struggled to provide the necessary funds for the children to complete their primary and secondary school education and further education. The organisation aims to provide the children under its sponsorship with the opportunity to shape their own future by obtaining an education which is very much required in Kenya if they are to exit the 'poverty trap' which those within Kibera generally experience.

The direct beneficiaries of this organisation are the children within primary and secondary school and higher education whose education is paid for. The indirect beneficiaries are their families who can focus on providing food and shelter for the children with the knowledge that their education has been funded. Additionally, Kickstart Kibera hopes that other children within Kibera will feel motivated and inspired by seeing their peers who are from similar backgrounds to them, with the opportunity to advance their education.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;

Summary of the main achievements of the charity during the year

We have paid fees for 4 students – 1 student that completed a work internship, 1 student completing a post secondary school vocational courses and 2 students in secondary school.
