THE ROYAL FEMALE SCHOOL OF ART FOUNDATION
(A company limited by guarantee)

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2022

The Trustees present their annual report together with the audited financial statements of the charitable company, The Royal Female School of Art Foundation, for the year 1 August 2021 to 31 July 2022. The Trustees confirm that the Annual Report and financial statements of the company comply with the current statutory requirements, the requirements of the company's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) as amended by Update Bulletin 1 (effective 1 January 2015) and Update Bulletin 2 (effective 5 October 2018).

Since the charitable company qualifies as small under section 383, the strategic report required of medium and large companies under The Companies Act 2006 (Strategic Report and Director's Report) Regulations 2013 is not required.

Structure, governance and management

The charity is a company limited by guarantee, incorporated on 21 September 2016 and registered as a charity on 27 October 2016 with the Charity Commission. The incorporated charity is governed by its Memorandum and Articles of Association. The charity was considered dormant until 31 January 2018, upon which date the assets and liabilities (excluding an investment property asset) were transferred from the original unincorporated charity (registered charity number 1006880), also called the Royal Female School of Art Foundation, to this new incorporated charity (registered charity number 1169925).

Trustees of the charity

The directors of the charitable company are its trustees for the purposes of charity law. The trustees who have served during the year and since the year end are listed on Page 1.

The Board of Trustees is constituted as follows, up to a maximum number of eight Trustees:

- (1) one Foundation Trustee appointed by the Working Men's College (or its successor(s));
- (2) one Foundation Trustee appointed by the University of the Arts London (or its successor(s));
- (3) one Foundation Trustee appointed by the Mary Ward Centre (or its successor(s)); and
- (4) a minimum of four Co-opted Trustees, appointed unanimously by the Trustees.

Historically, the three named organisations have nominated Trustees. Since their nominating bodies are also eligible to be recipients of the Foundation's grants, a greater number of co-opted Trustees are also recruited in order to guarantee the objectivity of the Board's decisions and to manage potential conflicts of interest.

Trustees may hold office for a period of four years and may be re-appointed by their appointing organisation, in the case of a Foundation Trustee, or the Trustees, in the case of a Co-opted Trustee, upon expiry of their initial term for one further period of four years. No Foundation Trustee or Co-opted Trustee may be an officer, director or employee of any appointing organisation.

Nominated Trustees

The Mary Ward Centre nominated Alison Lowton to serve as a Trustee from 3 December 2019 until 2 December 2023.

The University of the Arts, London nominated John Parmiter to serve as a Trustee from 2 July 2018 until 1 July 2022. John Parmiter was re-elected for a final 4 year term, to 1 July 2026.

The Working Men's College nominated Alexi Marmot to serve as a Trustee on 3 September 2020 until 2 September 2024.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 JULY 2022

Co-opted Trustees

The RFSA Trustees co-opted trustees each bring specialist expertise to the Board of Trustees. Trustees utilise both online advertisement and, if required, the services of a trustee recruitment specialist to recruit additional co-opted Trustees as required. New Trustees are provided with a paper-based induction and induction meeting(s), in the latter case the number dependent on their expertise and personal requirements.

In order to maintain Board numbers and continuation of knowledge, the Trustees shall retire through a staggered arrangement. Commencing from the first meeting of the Trustees in the *third* calendar year following incorporation of the charity, and each year thereafter, one Foundation Trustee or one Co-opted Trustee must retire from office. However, if Trustee resignations have occurred during the year, prior to term end dates, further staggered retirements as above can be delayed to ensure continuation of knowledge within the Board.

The Trustees usually meet four times per year but meet more frequently should the business of the Foundation require it. General practice is that the Chair is appointed during the first meeting of the calendar year for a period of three years, and a Vice Chair for a period of two years, rotating between the Trustees.

Management

Trustees appointed a Foundation Secretary & Grants Manager from December 2017 to provide administrative services. Azets has been appointed as accountant and auditor through a tender process in 2021 and this is reviewed annually. The Trustees have appointed CCLA Investment Management Limited (COIF Trustees) to manage investments. The Trustees obtain legal, insurance and valuers' advice as necessary.

Key Management Personnel

The Trustees consider the Board of Trustees and the Foundation Secretary & Grants Manager as comprising the key management personnel of the charity in charge of directing and controlling the charity and running and operating the charity on a day to day basis. All trustees give of their time freely and no trustee remuneration was paid in the year. Details of trustee expenses and related party transactions are disclosed in the accounts.

Trustees are required to disclose all relevant interests and register them with the Foundation Secretary & Grants Manager and in accordance with the Charity's policy withdraw from decisions where a conflict of interest arises.

The salary of the Charity's Foundation Secretary & Grants Manager is reviewed annually. The remuneration is bench-marked with grant-making charities of a similar size and activity to ensure that the remuneration set is fair and not out of line with that generally paid for similar roles.

Objectives and activities

The charity's objects are specifically restricted to advancing the education (including social and physical training) of students:

1. who reside in the Greater London area or study in the Greater London area but reside elsewhere; and
2. primarily but not exclusively who may suffer disadvantage by reason of pregnancy, childbirth, caring or parenthood, with a preference for education in the subjects of art and design.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 JULY 2022

Objectives and activities (continued)

The Trustees have powers to:

1. award scholarships, bursaries, maintenance allowances or grants tenable for the benefit of students at any educational establishment approved by the Trustees;
2. provide financial assistance, tools, instruments or books to assist students to pursue their education, to undertake travel, or to prepare for or enter a profession or occupation on graduation;
3. make grants to educational institutions which provide facilities for promoting the education of students;
4. make grants to educational institutions to support students (including prospective students) who by reason of pregnancy, childbirth, caring or parenthood suffer disadvantage.

To direct the majority of its income to its purpose, the Trustees invite applications once each year from selected educational organisations for projects which seek to enhance and facilitate education in the arts provided to those residing or studying within the Greater London area. Monitoring reports on all bids are required to be submitted one year following the award. This allows Trustees to assess the impact and benefit of the grants allocated.

Strategic Planning

The Foundation's strategy and policies are reviewed at Board meetings and through setting key objectives for governance, administration, investment and grant making. Strategy Away Days are held at least every five years and provide a forum to reflect on the impact and future direction for the charity.

The first Strategy Away Day of the newly incorporated charity was held in October 2018, culminating in the creation and adoption of a Strategic Plan covering strategic priorities over the 5 years to 2024. The Strategic Plan is based around 6 key priorities and ambitions, alongside relevant strategic actions:

Partnership Working
Raising Awareness

Broadening Reach
Improving Knowledge Base

Defining Hardship & Barriers
Improving Sustainability

The Strategic Plan and its actions are reviewed at each Board meeting, with subgroups, actions and timescales assigned to each priority. A full strategic review will be undertaken in Spring 2023.

The Trustees have paid regard to the Charity Commission's guidance on public benefit when deciding on the Charity's activities for the year, details of which are set out below. Consideration was also given to meeting the public benefit during review of the charity's own objectives through the Strategic Plan.

Impact of Global Financial Uncertainty

The long-term effects on Covid-19, the war in Ukraine and the energy crisis on the global market performance and the degree to which the RFSA investment assets with CCLA will be affected is yet to be fully realised. In the shorter term, the larger cash proportion within the fund shielded the RFSA portfolio from the full impact of the market volatility.

The Trustee policy to award grants up to the value of expected income, to ensure the sustainability of the investment asset and future grant-making capacity of the charity, was closely upheld. This was particularly in light of the ongoing global issues and impact on the world economy and investments. When making decisions in terms of how to fund grants, the trustees attempt to balance the increasing needs of students with the requirement to ensure financial sustainability in the long term.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 JULY 2022

Achievements and Performance - Meeting the Public Benefit Requirement

For the forthcoming 2022-23 academic year, the Charity invited applications from nine educational institutions providing arts education to students studying or residing in Greater London. Seven proposals of a total value of £103,800 were received in May 2022. Anticipated income being a maximum of £70,000, the Trustees awarded grants based upon the overall application scores of the institutions to ensure transparency and in the absence of any rejected applications. Funds were awarded for hardship bursary funding only, allowing the RFSA to again concentrate on its core historical mission in the 2022-23 academic year.

From the applications, seven grants totalling £70,000 were agreed in June 2022. All these grants were to support students in financial hardship through the provision of bursaries, for example to cover tuition fees, equipment, books, and course materials. These bursaries seek to ensure continued access to education by students who otherwise might not be able to take up or continue their education, hence meeting the public benefit requirement.

The Queen's and William Atkinson Scholarships are usually awarded annually on merit to students at Central Saint Martins. These scholarships arise from the historic link between the Foundation (originally connected to an art school) and the College. In June 2022, the Trustees awarded prizes of £500 for the William Atkinson Scholarship and £1,000 for the Queen's Scholarship, which included a donation from Her Majesty The Queen.

The charity does not currently carry out any fundraising activities or use any third parties to fundraise on its behalf.

Going concern

After making appropriate enquiries, the trustees have a reasonable expectation that the charitable company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

Reserves and Investments Policy

The Trustees' historical reserves policy, adopted from the unincorporated charity, has been to use up to 50% of the invested fund (the unrestricted investment fund being c£2.6m), most of which is derived from the lease premium received in 2001, by the date at which the current lease to the investment property expires in 2022. In this context, grants paid had in the past exceeded the charity's income each year. Trustees made the decision not to follow this reserves policy during implementation of the new strategy. As part of the ongoing review and in light of the continuing uncertainty in global financial markets, for the 2022-23 academic year Trustees have again awarded grants only up to the value of anticipated annual income, including any unclaimed grant awards from the previous academic year.

Trustees also made the decision to move away from the inherited investments policy as it is no longer in line with the future direction of the charity and its current Strategic Plan, with development of a new Investment Strategy.

The unrestricted investment fund of £2.6m is currently managed by CCLA, fund managers selected for their experience of managing charitable funds and understanding of ethical and responsible investment. The funds are invested in the COIF Charities Ethical Investment Fund, which aims to provide a long-term total return comprising growth in capital and distributions. The fund has a risk rating of 3 out of 7, which is a medium-low risk class. The COIF Ethical Investment Fund returned 1.16% (net of fees) for the year from 1 August 2021 to 31 July 2022. This is in line with Trustees' expectations, given the risk averse manner in which the portfolio is managed.

As part of the ongoing strategic development, the charity's reserves and investments policies are currently under review, to ensure they are supportive of and appropriate to the future direction of the charity.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 JULY 2022

Financial review

Dividends from the holdings in the COIF ethical investment units and interest on the income in the COIF deposit fund continue to be received quarterly (approximately £74,000 per annum). The Foundation's investment assets in property and common investment funds are held for the purpose of generating income which can be distributed as grants towards the Foundation's charitable purposes. The grants are made at the discretion of the Trustees and are not intended to bind the Trustees to awards in any subsequent years. Other expenditure relates to administrative and professional fees as required, where such costs are kept to a minimum. The overall income for the 2021-22 year was £96,974 and the overall expenditure was £105,298.

Risk Management

The Trustees have in place a risk policy: they manage risk actively throughout the year and undertake a full risk review on an annual basis, to discuss systems of risk mitigation and best practice in respect of these risks. The principal risks faced by the Charity lie in the performance of investments and operational risks from ineffective grant making and the capacity of the Charity to make effective grants. The Trustees consider variability of investment returns to constitute the charity's major financial risk. This is mitigated by retaining expert investment managers and having a diversified investment portfolio.

Future Activities

Following the ongoing global financial uncertainty, the Charity will continue its grant giving in 2022/23 at the level of estimated net income, whilst the Trustees adopt the new strategy and undertake a full review of the reserves and investments policy during the 2022-23 financial year.

The Trustee also anticipate some future legal and other costs related to the preparation of the property asset for marketing, in anticipation of the lease surrender by the current tenant in July 2023. These costs have been professionally estimated and prepared for within the cash flow budget.

The Trustees will continue to work towards achievement of the six strategic priorities, as set out in the current Strategic Plan. Review of the charity's reserves and investments policies will in part be dictated by the future use outcome of the charity's primary investment asset, the property at Queen Square. As the trustees prepare for the end of the current property lease and vacation by the tenants, professional advice has been employed to determine the most beneficial outcome for the asset. This will determine the type and level of future investment assets and income, which can be utilised by the charity to best achieve its strategic aims and public benefit requirements.

The future income of the charity is likely to increase significantly after changes are made to the use of the property in Queen Square. In anticipation, the trustees plan to give serious attention to the implications of increased income for the Strategic Plan, on the Reserves and Investments Policy and on the scale and direction of the Foundation's future activities.
