(eg. appointed by, elected by)

Appointed by other trustees and position ratified at AGM.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

ROTOM UK is an autonomous organisation, but it collaborates with the ROTOM Global Fellowship which includes representatives from ROTOM USA, Canada, Germany, and Uganda to enable continuity, accountability and efficiency in our support of our implementing partner ROTOM Uganda.

The trustees expect quarterly reports from Uganda regarding use of funds sent before any further money is disbursed. We also request reports regarding any projects or needs that have required specific one-off fundraising.

A trustee attended a virtual AGM meeting with the Ugandan team in Dec 2024

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

ROTOM UK is a Christian charity supporting work in Uganda that contributes to the empowerment and improvement of the lives of elderly people and their dependants in remote and poor parts of the country. Helping them physically, spiritually and emotionally.

Summary of the main activities undertaken for the public benefit in relation to these objects

Senior friendship scheme

Very poor and elderly people in Uganda are supported by regular and one-off donations from the UK public. This enables them to access free:

- psycho-social support (including Christian fellowship),
- medical care, regular health screening and advice,
- food and housing support
- improved water and sanitation
- help to become more self-sufficient where possible.

The development of friendships between UK supporters and their seniors are encouraged through exchanging letters and photos.

Awareness and fund raising

In the UK, many people give very generously of their time and effort to enable this ministry in Uganda. For example, in the past year:

- presentations have been given to new groups to raise awareness of the plight of the elderly in Uganda, to inform people of the work of ROTOM and to encourage new supporters.
- Regular newsletters were sent to supporters regarding the work in Uganda and special projects such as latrine renovation, house repairs, and food supplementation and distribution.
- We have continued to help fund a full-time field nurse to work in the community.
- Regular correspondence was made between individual supporters in the UK and the elderly Ugandans that they support.
- Despite the continued effects of wars and financial pressures I am pleased to say that we have been able to continue our support of 34 seniors 3 village volunteers and two grandchildren.
- We continue to target the issue of clean water. Most of our seniors now have a large rainwater collection tank alongside their home. They no longer need to walk to the muddy water holes! We have seen a second deep well installed in the village which will benefit the whole community. This was kindly funded by Rotary clubs from UK and Uganda

Governance

Monthly and quarterly reports were received from Uganda as required. We continue to work on our organisational policies and have updated these as well as developing several new ones in line with best charity practice.

Summary of the main achievements of the charity during the year

Activities funded by our grants to ROTOM Uganda during the year included the following:

1) Senior Friendship Scheme

37 poor elderly people in Uganda were supported by monthly donations from UK sponsors. This enabled them to access free psycho-social support, medical care, regular health screening and advice, food and housing support and help to become more self-sufficient. This was achieved through improving crop production in vegetable gardens and

donating small livestock such as chickens and goats. Development of friendships between sponsors and their seniors was encouraged through exchanging letters and photos. The bi-weekly fellowship gatherings that the seniors enjoy so much have been reinstated. With the help of village volunteers seniors were visited regularly in their homes.

2) Medical care and advice

The role of the field nurse remains vital. Village volunteers were trained to do basic monitoring and care under the nurse's supervision. The field nurses supervised the administration of medication and liaised closely with medical staff in ROTOM Uganda's health centre.

Health promotion work has continued alongside the regular screening and medical care of all our registered seniors. The two medical centres continue to serve the sicker seniors both with out patient and in patient care.

3) Promote independence

Independence is encouraged wherever possible by supporting their existing food production efforts and boosting these with other income generating projects, primarily small livestock. However, some particularly frail seniors needed more care and were supplied with supplementary food when they required it. A second very frail senior was moved to a Village Outreach care facility in another area for more intense support

4) Housing and living conditions

A programme of house repair and renovation continues as funds allow. The personal comfort of our supported seniors is also addressed whenever possible by the provision of such things as mattresses, mosquito nets, bedding, and clothing. All of our seniors now have good bedding and most have new bed frames.

2024 Christmas gifts

Each senior was given a solar lamp as a Christmas present this year. Though Uganda lies on the equator and the nights are long and dark with no electricity.

Section D Achievements and performance

Summary of the main achievements of the charity during the year

37 seniors supported through the senior friendship scheme.

2 grandchildren school fees and equipment paid for.

Full time field nurse salary paid.

All supported seniors enabled to eat two meals a day.

Free basic medical care for all the seniors by field and medical centre staff.

Enhanced full time care for two very frail seniors.

Regular house repair programme enabling a safer and more dignified lifestyle.

Bi-weekly fellowship gatherings for physical, emotional, and spiritual support of the seniors.

Food supplementing where needed.

Section E Financial review

Brief statement of the charity's policy on reserves

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Section F Other optional information

Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

Independent Examiner's Report

**Report to the trustees/
members of**

Charity Name
Reach One Touch One Ministries UK

**On accounts for the year
ended**

31 March 2025	Charity no (if any)	1169968
---------------	--------------------------------	---------

Set out on pages

3 and 4.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended **31 / 03 / 2025**.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I am a member of the Institute of Chartered Accountants in England & Wales and qualified to undertake the examination.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The trustees expect quarterly reports from Uganda regarding use of funds sent before any further money is disbursed. We also request reports regarding any projects or needs that have required specific one-off fundraising.

A team of five people including two trustees visited ROTOM Uganda for the AGM and celebration of 20yrs as an active charity in Uganda.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

ROTOM UK is a Christian charity supporting work in Uganda that contributes to the empowerment and improvement of the lives of elderly people and their dependants in remote and poor parts of the country. Helping them physically, spiritually and emotionally.

Summary of the main activities undertaken for the public benefit in relation to these objects

Senior friendship scheme

Very poor and elderly people in Uganda are supported by regular and one-off donations from the UK public. This enables them to access free:

- psycho-social support (including Christian fellowship),
- medical care, regular health screening and advice,
- food and housing support
- improved water and sanitation
- help to become more self-sufficient where possible.

The development of friendships between UK supporters and their seniors are encouraged through exchanging letters and photos.

Awareness and fund raising

In the UK, many people give very generously of their time and effort to enable this ministry in Uganda. For example, in the past year:

- presentations have been given to new groups to raise awareness of the plight of the elderly in Uganda, to inform people of the work of ROTOM and to encourage new supporters.
- Regular newsletters were sent to supporters regarding the work in Uganda and special projects such as latrine renovation, house repairs, and food supplementation and distribution.
- We have continued to help fund a full-time field nurse to work in the community.
- Regular correspondence was made between individual supporters in the UK and the elderly Ugandans that they support.
- Despite the continued effects of wars and financial pressures I am pleased to say that we have been able to continue our support of 41 seniors and their dependants.
- We continue to target the issue of clean water. Most of our seniors now have a large rainwater collection tank alongside their home. They no longer need to walk to the muddy water holes! We have seen a second deep well installed in the village which will benefit the whole community. This was kindly funded by Rotary clubs from UK and Uganda

Governance

A group of five travelled to Uganda in October 23 to attend the 20year celebration of ROTOM Uganda

Monthly and quarterly reports were received from Uganda as required. We continue to work on our organisational policies and have updated these as well as developing several new ones in line with best charity practice.

Summary of the main achievements of the charity during the year

Activities funded by our grants to ROTOM Uganda during the year included the following:

1) Senior Friendship Scheme

41 poor elderly people in Uganda were supported by monthly donations from UK sponsors. This enabled them to access free psycho-social support, medical care, regular health screening and advice, food and housing support and help to become more self-sufficient. This was achieved through improving crop production in vegetable gardens and donating small livestock such as chickens and goats.

Development of friendships between sponsors and their seniors was encouraged through exchanging letters and photos.

The bi-weekly fellowship gatherings that the seniors enjoy so much have been reinstated. With the help of village volunteers seniors were visited regularly in their homes.

2) Medical care and advice

The role of the field nurse has been vital during the pandemic, though we thank God that the expected spread of COVID into the small rural communities did not occur. Village volunteers were trained to do basic monitoring and care under the nurse's supervision. The field nurses supervised the administration of medication and liaised closely with medical staff in ROTOM Uganda's health centre.

Health promotion work has continued alongside the regular screening and medical care of all our registered seniors.

3) Promote independence

Independence is encouraged wherever possible by supporting their existing food production efforts and boosting these with other income generating projects, primarily small livestock. However, some particularly frail seniors needed more care and were supplied with supplementary food when they required it. A second very frail senior was moved to a Village Outreach care facility in another area for more intense support

4) Housing and living conditions

A programme of house repair and renovation continues as funds allow. The personal comfort of our supported seniors is also addressed whenever possible by the provision of such things as mattresses, mosquito nets, bedding, and clothing. All of our seniors now have good bedding and most have new bed frames.

2023 Christmas gifts

Each senior was given a warm blanket as a Christmas present this year. Though Uganda lies on the equator the elderly can get cold when it rains and temperatures can get down to 16 degrees at night.

Summary of the main achievements of the charity during the year

41 seniors supported through the senior friendship scheme.

2 grandchildren school fees and equipment paid for.

A second deep well for Seeta Namuganga, installed through Rotary, piping clean fresh water to the wider area residents.

Full time field nurse salary paid.

All supported seniors enabled to eat two meals a day.

Free basic medical care for all the seniors by field and medical centre staff.

Enhanced full time care for two very frail seniors.

Regular house repair programme enabling a safer and more dignified lifestyle.

Bi-weekly fellowship gatherings for physical, emotional, and spiritual support of the seniors.

Food supplementing where needed.

Set out on pages

3 and 4.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31 / 03 / 2024.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I am a member of the Institute of Chartered Accountants in England & Wales and qualified to undertake the examination.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

 - relationship with any related parties;
 - trustees' consideration of major risks and the system and procedures to manage them.

ROTOM UK is an autonomous organisation, but it collaborates with the ROTOM Global Fellowship which includes representatives from ROTOM USA, Canada, Germany, and Uganda to enable continuity, accountability and efficiency in our support of our implementing partner ROTOM Uganda.

The trustees expect quarterly reports from Uganda regarding use of funds sent before any further money is disbursed. We also request reports regarding any projects or needs that have required specific one-off fundraising.

Physical travel to Uganda by a ROTOM UK representative was not possible during this time due to the Ebola outbreak. Regular Zoom meetings were held to keep in touch.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

ROTOM UK is a Christian charity supporting work in Uganda that contributes to the empowerment and improvement of the lives of elderly people and their dependants in remote and poor parts of the country. Helping them physically, spiritually and emotionally.

Summary of the main activities undertaken for the public benefit in relation to these objects

Senior friendship scheme

Very poor and elderly people in Uganda are supported by regular and one-off donations from the UK public. This enables them to access free:

- psycho-social support (including Christian fellowship),
- medical care, regular health screening and advice,
- food and housing support
- improved water and sanitation
- help to become more self-sufficient where possible.

The development of friendships between UK supporters and their seniors are encouraged through exchanging letters and photos.

Awareness and fund raising

In the UK, many people give very generously of their time and effort to enable this ministry in Uganda. For example, in the past year:

- presentations have been given to new groups to raise awareness of the plight of the elderly in Uganda, to inform people of the work of ROTOM and to encourage new supporters.
- Regular newsletters were sent to supporters regarding the work in Uganda and special projects such as latrine renovation, house repairs, and food supplementation and distribution.
- We have continued to help fund a full-time field nurse to work in the community.
- Regular correspondence was made between individual supporters in the UK and the elderly Ugandans that they support.
- Despite the continued effects of to the pandemic and financial pressures I am pleased to say that we have been able to continue our support of 41 seniors and their dependants.
- We continue to target the issue of clean water. Most of our seniors now have a large rainwater collection tank alongside their home. They no longer need to walk to the muddy water holes! We have seen a deep well installed in the village which will benefit the whole community.

Governance

No travel to Uganda was possible again this year due to an Ebola outbreak. Zoom meetings were held with the Ugandan staff as well as email updates. Monthly and quarterly reports were received from Uganda as required. We continue to work on our organisational policies and have updated these as well as developing several new ones in line with best charity practice.

Summary of the main achievements of the charity during the year

Activities funded by our grants to ROTOM Uganda during the year included the following:

1) Senior Friendship Scheme

41 poor elderly people in Uganda were supported by monthly donations from UK sponsors. This enabled them to access free psycho-social support, medical care, regular health screening and advice, food and housing support and help to become more self-sufficient. This was achieved through improving crop production in vegetable gardens and donating small livestock such as chickens and goats.

Development of friendships between sponsors and their seniors was encouraged through exchanging letters and photos. The bi-weekly fellowship gatherings that the seniors enjoy so much have been reinstated. With the help of village volunteers seniors were visited regularly in their homes.

2) Medical care and advice

The role of the field nurse has been vital during the pandemic, though we thank God that the expected spread of COVID into the small rural communities did not occur. Village volunteers were trained to do basic monitoring and care under the nurse's supervision. The field nurses supervised the administration of medication and liaised closely with medical staff in ROTOM Uganda's health centre. They spent many hours teaching seniors about infection spread and the need for social distancing and hand washing.

All ROTOM seniors have been offered two COVID vaccines and by and large most have accepted this offer. Other members of the community were also given vaccine.

Health promotion work has continued alongside the regular screening and medical care of all our registered seniors.

3) Promote independence

Independence is encouraged wherever possible by supporting their existing food production efforts and boosting these with other income generating projects, primarily small livestock. However, some particularly frail seniors needed more care and were supplied with supplementary food when they required it. A second very frail senior was moved to a Village Outreach care facility in another area for more intense support

4) Housing and living conditions

A programme of house repair and renovation continues as funds allow. The personal comfort of our supported seniors is also addressed whenever possible by the provision of such things as mattresses, mosquito nets, bedding, and clothing. All of our seniors now have good bedding and most have new bed frames.

2022 Christmas gifts

Each senior was given a solar lantern as a Christmas present this year. In a country where there are 12 hours of darkness all year round, and no electricity grid, these lanterns make a huge difference to their safety and mental well-being.

Solar lamp so much safer and effective

Summary of the main achievements of the charity during the year

41 seniors supported through the senior friendship scheme.

2 grandchildren school fees and equipment paid for.

1 deep well, installed through H2O 4 All, piping clean fresh water to the wider area residents.

Full time field nurse salary paid.

All supported seniors enabled to eat two meals a day.

Free basic medical care for all the seniors by field and medical centre staff.

Enhanced full time care for two very frail seniors.

Regular house repair programme enabling a safer and more dignified lifestyle.

Bi-weekly fellowship gatherings for physical, emotional, and spiritual support of the seniors.

Food supplementing where needed.

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)

How the charity is constituted (eg. trust, association, company)

Trustee selection methods (eg. appointed by, elected by)

Additional governance issues

ROTOM UK is an autonomous organisation, but it collaborates with the ROTOM Global Fellowship which includes representatives from ROTOM USA, Canada, Germany and Uganda to enable continuity, accountability and efficiency in our support of our implementing partner ROTOM Uganda.

The trustees expect quarterly reports from Uganda regarding use of funds sent before any further money is disbursed. We also request reports regarding any projects or needs that have required specific one-off fundraising.

Physical travel to Uganda by a ROTOM UK representative was not possible during this time due to the pandemic.

Summary of the objects of the charity set out in its governing document

ROTOM UK is a Christian charity supporting work in Uganda that contributes to the empowerment and improvement of the lives of elderly people and their dependants in remote and poor parts of the country. Helping them physically, spiritually and emotionally.

Summary of the main activities undertaken for the public benefit in relation to these objects

Senior friendship scheme

Very poor and elderly people in Uganda are supported by regular and one-off donations from the UK public. This enables them to access free:

- psycho-social support (including Christian fellowship),
- medical care, regular health screening and advice,
- food and housing support
- improved water and sanitation
- help to become more self-sufficient where possible.

The development of friendships between UK supporters and their seniors are encouraged through exchanging letters and photos.

Awareness and fund raising

In the UK, many people give very generously of their time and effort to enable this ministry in Uganda. For example, in the past year:

- Virtual presentations have been given to new groups to raise awareness of the plight of the elderly in Uganda, to inform people of the work of ROTOM and to encourage new supporters.
- Regular newsletters were sent to supporters regarding the work in Uganda and special projects such as water tanks, house repairs, the field nurse and food distribution.

- We have continued to fund a full-time field nurse to work in the community.
- Regular correspondence was made between individual supporters in the UK and the elderly Ugandans that they support.
- Despite the continued effects of to the pandemic I am pleased to say that we have been able to continue our support of 38 seniors and their dependants.
- We continue to target the issue of clean water. Most of our seniors now have a large rainwater collection tank alongside their home. They no longer need to walk to the muddy water holes! We are working towards getting a deep well installed in the village which will benefit the whole community.

Governance

No travel to Uganda was possible this year due to the pandemic. Zoom meetings were held with the Ugandan staff as well as email updates on the COVID situation. Monthly and quarterly reports were received from Uganda as required. We continue to work on our organisational policies and have updated these as well as developing several new ones in line with best charity practice.

Summary of the main achievements of the charity during the year

Activities funded by our grants to ROTOM Uganda during the year included the following:

1) Senior Friendship Scheme

38 poor elderly people in Uganda were supported by monthly donations from UK sponsors. This enabled them to access free psycho-social support, medical care, regular health screening and advice, food and housing support and help to become more self-sufficient. This was achieved through improving crop production in vegetable gardens and donating small livestock such as chickens and goats.

Development of friendships between sponsors and their seniors was encouraged through exchanging letters and photos.

As was the case last year ROTOM has been unable to hold the bi-weekly fellowship gatherings that the seniors enjoy so much. With the help of village volunteers seniors were visited regularly in their homes.

2) Medical care and advice

The role of the field nurse has been vital during the pandemic, though we thank God that the expected spread of COVID into the small rural communities did not occur. Village volunteers were trained to do basic monitoring and care under the nurse's supervision. The field nurses supervised the administration of medication and liaised closely with medical staff in ROTOM Uganda's health centre. They spent many hours teaching seniors about infection spread and the need for social distancing and hand washing.

Covid testing was done, and some cases identified though the numbers were relatively small and no deaths amongst ROTOM seniors were recorded as being due to COVID

All ROTOM seniors have been offered two COVID vaccines and by and large most have accepted this offer. Other members of the community were also given vaccine.

The COVID prevention work has continued alongside the regular screening and medical care of all our registered seniors. The number of nursing and medical staff have both been increased.

3) Promote independence

The older persons' self-determination was promoted wherever possible by supporting their existing food production efforts and boosting these with other income generating projects,

primarily small livestock. However, some particularly frail seniors needed more care and were supplied with supplementary food when they required it. One very frail lady was moved to a Village Outreach care facility in another area for more intense care.

4) Housing and living conditions

A programme of house repair and renovation continues as funds allow.

The personal comfort of our supported seniors is also addressed whenever possible by the provision of such things as mattresses, mosquito nets, bedding, and clothing. All of our seniors now have good bedding and most have new bed frames.

5) Water and sanitation

Installation of 1,000 litre water tanks and rainwater collection systems continued. These provide an easily available clean water supply at the seniors' homes.

Early discussions regarding sinking a deep well in the area.

6) Christmas gifts

All supported seniors received a metal storage box as a Christmas gift.

This enables them to keep their treasured possessions safe protecting clothes and documents from attack from vermin, rainwater, and dirt.

Section A Independent Examiner's Report

Report to the trustees/ members of

Charity Name Reach One Touch One Ministries UK

On accounts for the year ended

31 March 2022 Charity no (if any) 1169968

Set out on pages

3 and 4.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31 / 03 / 2022.

Responsibilities and basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I am a member of the Institute of Chartered Accountants in England & Wales and qualified to undertake the examination.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
• the accounts did not accord with the accounting records; or
• the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Section B: Structure, governance and management

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution
How the charity is constituted (eg. trust, association, company)	CIO Foundation
Trustee selection methods (eg. appointed by, elected by)	Appointed by other trustees and position ratified at AGM.

Additional governance issues

ROTOM UK is an autonomous organisation, but it collaborates with the ROTOM Global Fellowship which includes representatives from ROTOM USA, Canada, Germany and Uganda to enable continuity, accountability and efficiency in our support of our implementing partner ROTOM Uganda.

The trustees expect quarterly reports from Uganda regarding use of funds sent before any further money is disbursed. We also request reports regarding any projects or needs that have required specific one-off fundraising.

Section C: Objectives and activities

Summary of the objects of the charity set out in its governing document

ROTOM UK is a Christian charity supporting work in Uganda that contributes to the empowerment and improvement of the lives of elderly people and their dependants in remote and poor parts of the country. Helping them physically, spiritually and emotionally.

Summary of the main activities undertaken for the public benefit in relation to these objects

Senior friendship scheme

Very poor and elderly people in Uganda are supported by regular and one-off donations from the UK public. This enables them to access free:

- psycho-social support (including Christian fellowship),
- medical care, regular health screening and advice,
- food and housing support
- improved water and sanitation
- help to become more self-sufficient where possible.

The development of friendships between sponsors and their seniors are encouraged through exchanging letters and photos.

Awareness and fund raising

In the UK, many people give very generously of their time and effort to enable this ministry in Uganda. For example, in the past year:

- Virtual presentations have been given to new groups to raise awareness of the plight of the elderly in Uganda, to inform people of the work of ROTOM and to encourage new supporters.
- Regular newsletters were sent to supporters regarding the work in Uganda and special projects such as water tanks, house repairs, the field nurse and food distribution.

- Fundraising was focussed on funds for COVID relief food support. Due to strict lockdowns in the early part of the year food was scarce. Because of the generosity of our supporters and one large gift from a member of the house of Lords last April we were able to ensure that all supported seniors and their dependants were given food staples to tide them over the lockdown. Over 1000 seniors and their dependants were supported during this time

- We were able to fund a full-time field nurse to work in the community. Vital during the pandemic while travel was so restricted.
- Regular correspondence was made between individual supporters in the UK and the elderly Ugandans that they support.
- Despite this being a very difficult year due to the pandemic I am pleased to say that we have been able to continue our support of 40 seniors and their dependants.
- Targeted appeals were made for COVID support, field nurses and rainwater tanks. Almost all our seniors now have a large rainwater collection tank alongside their home. They no longer need to walk to the muddy water holes!

Section D: Achievements and performance

Governance

No travel to Uganda was possible this year due to the pandemic. Three zoom meetings were held with the Ugandan staff as well as email updates on the COVID situation. Monthly and quarterly reports were received from Uganda as required. We continue to work on our organisational policies and have updated these as well as developing several new ones in line with best charity practice.

Summary of the main achievements of the charity during the year

Activities funded by our grants to ROTOM Uganda during the year included the following:

1) Senior Friendship Scheme

40 poor elderly people in Uganda were supported by monthly donations from UK sponsors. This enabled them to access free psycho-social support, medical care, regular health screening and advice, food and housing support and help to become more self-sufficient. This was achieved through improving crop production in vegetable gardens and donating small livestock such as chickens and goats. Development of friendships between sponsors and their seniors were encouraged through exchanging letters and photos.

Due to COVID restrictions ROTOM was unable to continue the bi-weekly fellowship gatherings that the seniors enjoy so much. With the help of village volunteers seniors were visited regularly in their homes.

2) Medical care and advice

The role of the field nurse has been vital during lockdown. Village volunteers were trained to do basic monitoring and care under the nurse's supervision. Nurse Olivia supervised the administration of medication and liaised closely with medical staff in ROTOM Uganda's health centre. She has also spent many hours teaching seniors about infection spread and the need for social distancing and hand washing

The role out of COVID vaccines has begun but this has taken time due to the limited number of vaccines in the country.

3) Promote independence

The older persons' self-determination was promoted wherever possible by supporting their existing food production efforts and boosting these with other income generating projects, primarily small livestock. However, some particularly frail seniors needed more care and were supplied with supplementary food when they required it.

4) Housing and living conditions

When funds allowed, seniors' houses were repaired or improved though access was limited because of COVID.

The personal comfort of our supported seniors was also addressed by the provision of such things as mattresses, mosquito nets, bedding and clothing. All of our seniors now have good bedding and most have new bed frames.

5) Water and sanitation

Installation of 1,000 litre water tanks and rainwater collection systems continued. These provide an easily available clean water supply at the seniors' homes.

6) Christmas gifts

All supported seniors received a metal thermos flask as a Christmas gift to keep their porridge and tea hot

Section E: Financial review

Brief statement of the charity's policy on reserves

We keep an extra balance on our partnership fund equivalent to 3 to 6 months operating costs.

Details of any funds materially in deficit
