1. To promote social mobility and access to better life opportunities for students of African and Caribbean descent.
2. Although our services are primarily for the students of Black African and Caribbean descent, where there is spare capacity, we will not exclude students from other minority ethnic groups who are facing barriers to progression post-university.
3. The target group are students in higher education who feel that they are not given suitable opportunities to achieve their full potential. The hope is that as a result of our support these individuals will realise their true potential and become leaders within their chosen field

50 people have successfully completed level 2 Functional Skills in English and Mathematics whilst 15 successfully completed level 3 diploma in health and social care and progressed to higher education. We provided digital support for 31 successful applications for EU Settlement Scheme.
