### Summary of the objects of the charity set out in its governing document

1. To promote social mobility and access to better life opportunities for students of African and Caribbean descent.
2. Although our services are primarily for the students of Black African and Caribbean descent, where there is spare capacity, we will not exclude students from other minority ethnic groups who are facing barriers to progression post-university.
3. The target group are students in higher education who feel that they are not given suitable opportunities to achieve their full potential. The hope is that as a result of our support these individuals will realise their

true potential and become leaders within their chosen field

Our main work this year has been to continue to support people with their claims for settled status. We have supported 24 people in total.

Our work in partnership with the Connect Institute means that we have signposted people to other opportunities where Connect Institute was not appropriate or additional support was required.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

All of our work is currently supported by volunteers and trustee members.
