TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE YEAR ENDED 31 MARCH 2022

The trustees present their report and financial statements for the year ended 31 March 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's Memorandum and Article of Association, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016)

Objectives and activities

The charity's objectives are: The church advances the Christian faith via its services and groups which meet throughout the week. At its services the church gives time to the preaching of the Bible and the central Christian tenets of faith. During the week the church has many sub groups which meet to study the bible and to have fellowship. These are open to all who are willing to attend.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Achievements and performance

During the year, because of the pandemic of Covid-19 restrictions was starting to ease, a working group was set up for planning the re-opening of Leicester Chinese Christian Church (LCCC).

The Bilingual (Cantonese/Mandarin) service started 10:30am with online Zoom Meeting available. English service started at 10:30am.

All Home Group meetings, Bible studies, prayer meeting continued to run via Zoom Meeting and also meet together physically. Mandarin student, young adult fellowship, Sunday school and youth group resumed physical gathering.

We welcomed more families from Hong Kong British National Overseas (BNO) to our church and settle them in.

Leicester Chinese Christian Church held one Sprinkle Baptism services and also four trilingual services a year, these were: Easter Sunday service, Annual Mission Conference, Christmas Sunday Celebration service and Christmas Day service.

Leicester Chinese Christian Church held an Annual General Meeting (AGM) and Extraordinary General Meeting (EGM) during the year.

We welcomed 'Songs of Praise' from BBC to come to our premises to record our live Sunday worship, which was later broadcasted.

We would like to thank all the volunteer who worked so hard to make our church lively and vibrant, since returning to physical gathering from Covid-19. In particular, we want to mention our Junior Church teachers and helpers who have worked so tirelessly to nurture our next generation in their Christian lives and all other members of LCCC for their valuable contribution to our ministries and for keeping the church running.

Financial review

Current cashbook and bank account indicate the Church has sufficient funds. There are no creditors and the Church had a significant drop in offerings due to Covid-19 where the church was closed and the since the reopening of physical gathering where stages of capped attendance was in place from the government guidelines.

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to two month's expenditure. The trustees consider that reserves at this level will ensure that in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

1.5 Resources expended

Liabilities arise from legal or constructive obligations that commit the charity to expenditure. A liability and related expenditure must be recognised when all of the following criteria are met:

Obligation – a present legal or constructive obligation exists at the reporting date as a result of a past event.

Probable – it is more likely than not that a transfer of economic benefits, often cash, will be required in settlement.

Measurement – the amount of the obligation can be measured or estimated reliably

A legal obligation arises when a charity enters into a binding contract or there is a statutory requirement to make a payment. When a charity enters into a contract for the supply of goods or services, expenditure is recognised once the supplier of the goods or services has performed their part of the contract

A constructive obligation arises as a result of a charity's actions when it indicates to other parties that it accepts particular responsibilities and thereby creates a valid expectation on their part that the charity will meet them.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

| | |
|-----------------------------|---------------------|
| Freehold land and buildings | 2% straight line |
| Fixtures and fittings | 12.5% straight line |

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.10 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
