YCL (YARD COMMUNITY LEISURE)

REPORT OF THE TRUSTEES

Structure, governance and management

Yard Community Leisure (YCL) is a Charitable Incorporated Organisation (CIO) registered on 14th November 2016 with the Charity Commission for England and Wales.

This is the fourth annual report and prepared by the charity.

New Trustees are appointed by the current trustees in accordance with the governing document.

Objectives and activities

The purposes of the charity are:

To promote community participation in healthy recreation by providing a multi-sport service, in particular but without limitation, to provide activities for educational and physical activities such as football, rugby and dance and fitness classes but not limited to.

To promote and support the delivery of social, educational and community activities, such as afterschool club and holiday clubs for engagement of children and young people.

To fulfil these purposes the charity has carried out the following activities during the period:

YCL @ Gelli Primary – G4 After School Club

We continue to run an after-school club at Gelli Primary School. The club is being run independently from the school but enhances the educational and social aspects for the pupils who attend the school. We work and liaise closely with the school to support and develop close working arrangements to ensure the needs of the children who attend the G4 club are met.

Some sports coaching, arts and crafts activities have also been trialled, during school holidays, under the threshold of formal registration regulations, to establish whether there is an identified need.

All Trustees have regard for to the guidance issued by the Charity Commission on public benefit ensuring that this is taking into consideration when decisions are being taken on the charities purposes.

Achievements and Performance

Our activities started in May 2017 and have continued to be developed and delivered in accordance with our objects and purposes as laid out above.

Continuity has been sustained in the progress and delivery of the after school club, feedback from Gelli Primary School Headteacher/staff continues to be complimentary and they are really pleased with the extended programme of links with the school. Parents of the children who attend the club

have also provided feedback and are really pleased with the club, complimentary of the staff and service that is being provided.

No further progress has been made during this year in respect of holiday camps etc.

On March 18th 2020, in line with Welsh and National guidance, Coronavirus pandemic was declared and Wales was put into lockdown where everything was closed and services stopped. Due to this the charity suspended its services.

The charity did maintain contact with the school to establish whether the charity could support and assist the families and pupils of the school. It was identified that as the lockdown continued and the move to online learning for all pupils, we applied to the Moondance Foundation – Covid-19 relief fund to provide art packs and school equipment for pupils to work at home. We are also considering if the lockdown continues until the end of the academic year to provide some healthy food packs for pupils and families.

No further activity took place during the period of this report due to further national lockdowns and the level of coronavirus cases and in line with guidance and necessary risk assessments to ensure the potential risk of virus spread, specifically in education and wider settings.

Financial Review

Total Income for the period was £0. The source of income was from the provision of the support during the pandemic, was the successful gaining a grant from the Moon dance COVID relief fund of £5000.

At the end of the period the charity had reserves of £2436.46 which are all unrestricted.

Plans for Future periods

Dependant on the situation that occurs with the pandemic, we will continue to develop, continue looking for opportunities. We hope to make links with existing local groups and organisations to enhance services for the benefit and the needs of the local area.

The report was approved by the trustees on 28th March 2022 and is signed on their behalf by

Mrs L Thomas (Chair)
