REPORT OF TRUSTEES

Inspiring Youth Achievement (INSPYA) aims to encourage, support and inspire young people to achieve their ambitions. The organisation achieves its aims through mentoring, self development workshops and career workshops.

Our objective is to advance the education and training of young people under the age of 25 years for the public benefit in particular but not exclusively by providing mentoring, self-development workshops, career events, networking opportunities and training programmes, advice.

Unfortunately, in light of the Corona Virus Pandemic, we suspended all in person workshops. This resulted in the suspension of our mentoring programme (Equip to Succeed) in Ghana and our career workshops both in the UK and in Ghana.

We reviewed our current projects and developed new projects which were safe and secure and would reduce the risk of our volunteers and service users contracting Covid-19.

We also considered alternative ways to deliver the objectives of the charity. We kept in mind the objective of the charity and the Charity Commission's guidance on public benefit in order to ensure that we were able to achieve our aims.

We launched an online Career Series and undertook a fundraiser to support the orphanages we had been working with in Ghana.

We are extremely grateful to the professionals who volunteered their time and also everyone who donated to our fundraiser to support the orphanages. We continue to be grateful for the hard work and commitment of our volunteers to achieving the aims and objectives of INSPYA. Without their hard work and commitment, we would not have been able to achieve the success we did during these unprecedented times.

ONLINE CAREER SERIES

We held two online career series. The first was a CV and Interview Skills Seminar.

In this seminar, held on Zoom, students who would benefit from this seminar heard from Edward Boateng, Barrister and Legal Consultant about what employers expect from applicants and how to stand out during interviews.

The second seminar, Entrepreneurship and How to Network, was focused on young people in Ghana. The panel included Alison Darkwah, CEO of Gem Consultancy, a recruitment agency in Ghana, Arnold Asamoah Baidoo, CEO of Arn-Berrie Communications and Entertainment Journalist, Cleopatra Nsiah Nketiah and Edward Boateng, CEO of EB Legal Consultancy. The seminar covered various topics relating to entrepreneurship and what it takes to set up a business. The seminar was recorded

and published on our website, YouTube Channel and circulated to students. This was a successful seminar which encouraged students to create their own opportunities.

FUNDRAISER SUPPORTING BEACON HOUSE ORPHANAGE AND CHRIST FAITH FOSTER HOME, GHANA

Following the launch of our Equip to Succeed Mentoring Programme, we were working with Beacon House Orphanage and Christ Faith Foster Home, supporting their students in their education and through mentoring. In light of the Corona Virus Pandemic, we had to suspend our mentoring programme.

We however continued to support the orphanage by fundraising and providing materials to them to support their young people. We were able to raise a total of £840 through GoFundMe. This at the time amounted to approximately 6000 GHC. The monies were divided between the two orphanages and presented to them.

BRUCE GROVE YOUTH CLUB & TANESHA MELBOURNE FOUNDATION

Funding was secured during our last financial year in order to support the Tanesha Melbourne Foundation and also to develop projects and support young people at Bruce Grove Youth Club. This funding was used during this financial year to further support the activities of the Tanesha Melbourne Foundation. Music equipment was also purchased for young people to use at Bruce Grove Youth Club and for the music production projects held at Bruce Grove Youth Club.
